

# Creative Writing Minor

The Creative Writing minor offers art and design students an opportunity to give voice and shape to their creativity through a variety of written expressive forms. The minor provides guidance and support to students in a structured environment to develop their writing, and an exciting way to explore their personal visions through workshops and lectures.

## **Learning Outcomes**

- Identify and employ writing techniques and habits that allow critical thought and expression.
- Develop an understanding of genre and explore writing in multiple forms.
- Demonstrate the habits of revision, workshop, close reading, and submission for publication.
- Recognize the political and social elements of a text and demonstrate multiple critical approaches.
- Experiment with the relationship between text and image and identify intersections between writing and chosen major.
- Demonstrate an understanding of meaning, justice, and community in literature and in personal writing practice.

## **Eligibility**

The Creative Writing minor is open to all majors. Students must be on track in their major and in good academic standing, with fewer than 6 credits behind and a cumulative GPA of 2.0.
