Michael Carroll Receives 2014 Franklyn Liegel Award for Teaching Excellence

I am delighted to announce that instructor Michael Carroll is the recipient of the 2014 *Franklyn Liegel Award for Teaching Excellence*. The selection committee considered four primary factors in making its decision: award criteria (listed below), student evaluations of teaching, nominations received, and convergence of nominating constituencies. In honor of Mr. Carroll's achievements, he will be featured in several Otis publications, as well as formally recognized at Fall 2014 Convocation. This special acknowledgement also carries a cash award of \$1,250.

About the Recipient: *Michael Carroll* received his BFA in Textile Surface Design from Otis College of Art and Design in 1995. He is currently working as a computer production artist for printed textiles in the apparel and home furnishings industries.

About the Award: Franklyn Liegel, exhibiting fine artist, Otis Continuing Education faculty member, and MFA alumnus, passed away in 2012. This award was named in recognition of Liegel's dedication to Otis, commitment to education, and his own extraordinary ability to inspire others. Beginning in 2013, one outstanding educator from Otis Continuing Education and Pre-College Programs is recognized annually for his or her commitment to Otis, clear, effective teaching, and ability to motivate and inspire the success of students.

Criteria: The Franklyn Liegel Award for Teaching Excellence is presented to a longstanding CE instructor who has demonstrated a sustained ability to:

- › Incite curiosity in, motivate, and enhance the success of students.
- › Inspire and earn the admiration of departmental colleagues.
- › Create a lasting and gratifying impression of an extraordinary educator.
- › Challenge students and increase their capacity for independent thought.

Eligibility: All Continuing Education and Pre-College Program faculty members, who have taught one or more courses over a minimum of three consecutive academic years, are eligible. Past recipients of an Otis teaching award (within five years) are not eligible.

Michael Carroll's selection as recipient of this special award speaks volumes about his outstanding gift as an educator. Otis appreciates his dedication to his students and commitment to providing the highest quality educational experience.

Amy Gantman

BEN MALTZ GALLERY

AT OTIS COLLEGE OF ART AND DESIGN

The Ben Maltz Gallery serves Los Angeles' vigorous art community and the city's diverse public at large. It is an important resource for the students at Otis, exposing them to a wide range of contemporary art and ideas through its exhibitions, catalogs, and events. Highlighting work that pushes the frontiers of traditional form and subject matter, the Gallery typically exhibits emerging and established Los Angeles artists and designers, placing them in the context of national and international programming. The Gallery both originates and participates in national touring exhibitions.

Ben Maltz Gallery is located on the ground floor of the Galef Center for Fine Arts on the Goldsmith Campus. Gallery hours: Tue-Fri 10am-5pm | Thu 10am-9pm | Sat-Sun 12-4pm | Closed Monday and major holidays. Free admission and parking. For more information or to join the gallery e-list for announcements of events: gallerinfo@otis.edu | 310-665-6909 | www.otis.edu/benmaltzgallery

EXHIBITION SCHEDULE

Food – Life – Water / Lucy + Jorge Orta
August 16 – December 6, 2014

This exhibition is the US premiere of the Lucy + Jorge Orta's sculptures, drawings, installations and video. This French wife-husband duo collectively explores major concerns that define the 21st century: biodiversity, environmental conditions, climate change and exchange among peoples. Working in partnership since 2005, Lucy+Jorge Orta create, produce, and assemble their artworks and large installations together with a team of artists, designers, architects, and craftspeople. The artists have created a unique visual language through which they tackle the major global issues affecting our lives and the precarious position of this planet. Curated by Judith Hoos Fox and Ginger Gregg Duggan and organized by the Tufts University Art Gallery.

For more information, event listings, and full lists of artists in conjunction with exhibitions visit www.otis.edu/benmaltzgallery

CONCURRENT ENROLLMENT

Otis Courses are Now Available to the General Public

Attend Otis College of Art and Design's outstanding Liberal Arts and Sciences courses for college credit through Continuing Education Concurrent Enrollment Program.

Please note that these courses are immediately transferable for Otis undergraduate credit. Enrollment is on a space available basis and must be approved by the instructor of record. Please contact otisce@otis.edu or 310-665-6850 for further information.*

*Current Otis undergraduate students wishing to enroll in these courses should contact the Registration office at otisreg@otis.edu; or 310-665-6951 regarding Fall Session enrollment information.

OTIS COLLEGE OF ART AND DESIGN

SPECIAL ONE-YEAR PROGRAM

If you want to develop new skills, hone your body of work to apply for graduate school, or do a professional refresher, the Special One-Year Program is an opportunity to study full-time at one of the country's top colleges of art and design. This year-long program is primarily taken at the undergraduate senior level, although some flexibility in course selection allows a program that suits individual backgrounds and needs. All undergraduate programs, with the exception of Fashion Design, offer this special opportunity.

Candidates must hold a bachelor's degree, hold US citizenship or permanent residency, have considerable professional art or design experience, and meet the same admissions requirements as BFA applicants.

For further information, please visit www.otis.edu/admissions or call 800-527-OTIS (6847).

ART EDUCATION

For further information, please call 310-665-6850.
To register, visit www.otis.edu/ce

Art Education

ART EDUCATION CERTIFICATE PROGRAM is a sequence of 10 courses, providing intensive study in art education for individuals who already hold a BA, BFA, MA, or MFA in Fine Art / Design / Media Art. Offered in collaboration with Otis' Artist, Community and Teaching (ACT) Program, the certificate program offers two tracks to choose from. The **Teacher Credential Preparation Track** is designed to prepare individuals who wish to obtain the *California Single Subject in Art Teaching Credential* needed to teach in California grades K-12 public schools, by fulfilling the CA Commission on Teacher Credentialing Subject Matter in Art requirements. The **Teaching Artist Track** is designed to prepare students for positions that do not require a credential such as teaching artist in K-12 public or private schools, artists in residence programs, correctional facilities, museum education departments, non-profit arts organizations, etc. (SOC-25-3099*)

THE 10 COURSE SEQUENCE

Students may enroll in one of two tracks:

1) Teacher Credential Preparation Track:

Successful completion of this Certificate at the college credit level would allow students to qualify for a CSET (California Subject Examinations for Teachers) waiver.

2) Teaching Artist Track:

This Certificate prepares artists to teach in programs that do not require a CA Teaching Credential (private schools, artists in residence programs, correctional facilities, museum education departments, non-profit arts organizations.)

Program Prerequisites:

Students must already hold a BA, BFA, MA, or MFA in fine art/design/media art. Subject Matter Competency evaluation (Portfolio and Transcript review) by the ACT Director is required for enrollment in the Teacher Credential Preparation track only. For more information about this evaluation please refer to the ACT website. (<http://www.otis.edu/artists-community-teaching>)

Elective Courses:

Teacher Credential Preparation Track electives are chosen through advisement with the ACT Director, 310-846-2632.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed are based on students completing two courses per term (five terms) over a two-year period. Please refer to our website for detailed program costs. (<http://www.otis.edu/ce>) A completed Certificate Application and \$175 fee are required for official enrollment in the Certificate program.

Note: Certificate program courses are open to all students. Students interested in taking certificate program courses for professional growth, or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

* Department of Labor Standard Occupational Code

** Estimated costs include application, tuition, registration, insurance, supplies and books

SPECIALIZATION TRACKS:
(choose a track and take courses indicated)

Teacher Credential Preparation Track

The following required courses must be taken for college credit in order to qualify for a CSET waiver. Courses are offered concurrently with the Otis BFA program and are typically scheduled during the day at the discretion of BFA administration:

XAED212	Teaching for Learning I	3.0
XAED312	History of Aesthetics	3.0
XAED336	Teaching Internship	2.0
XAED412	Teaching for Learning II	3.0

Required courses taken through Continuing Education:

Studio Electives	6.0
------------------	-----

Chosen through advisement with ACT Director based on CA Commission on Teacher Credentialing Subject Matter in Art Competency Requirements.

Total Credits:	17.0
Estimated total cost: \$22,710**	

Teaching Artist Track

The following required courses are offered concurrently with the Otis BFA program and are typically scheduled during the day at the discretion of BFA administration:

XAED212	Teaching for Learning I	3.0
XAED245	Community Arts in LA	2.0
XAED335	Community Arts Internship	2.0
XAED412	Teaching for Learning II	3.0

Required courses taken through Continuing Education:

Studio Electives	6.0
------------------	-----

Can be taken in the BFA program (with instructor's approval) or Continuing Education. ACT Special Topics courses and CE Media Arts for Educators Certificate courses are highly recommended studio electives.

Total Credits:	16.0
Estimated total cost: \$7,110**	

TEACHER CREDENTIAL TRACK CORE COURSES:

History of Aesthetics

From the ancient Greeks to the present, philosophers have debated the meaning and purpose of art. This course provides a framework for contextualizing background of influential aesthetic philosophies of the past. Required for students in the Teacher Credential Preparation Track of the Art Education Certificate Program.

Prerequisite: None
First class materials: Note-taking materials

*August 28 – December 11 (no mtg. 11/27)
Thur 12:30–3:15pm / 15 sessions / limited enrollment*

Reg# 35101: \$595 Non-credit
Reg# 35102: \$640 Certificate Credit
Reg# 35103: \$3750 College Credit (3.0)
Instructor: Jean Willette
XAED312

Teaching Internship

Students intern as TA's for credentialed art teachers in diverse K-12 public schools to expand and reflect on their understanding of arts education theory in conjunction with the reality of the public school system. Required for students in the Teacher Credential Preparation Track of the Art Education Certificate Program.

Prerequisite: Teaching for Learning I or instructor's approval
First class materials: Note-taking materials, digital file of resume draft

*August 25 – December 8 (no mtg. 9/1)
Mon 8:00am–11:00am / 15 sessions / limited enrollment*

Reg# 35104: \$595 Non-credit
Reg# 35105: \$640 Certificate Credit
Reg# 35106: \$2500 College Credit (2.0)
Instructor: Patricia Kovic
XAED336

TEACHING ARTIST TRACK CORE COURSES:

Community Arts in LA

Students will explore aesthetic, historical, and sociocultural aspects of socially engaged art. Site visits focus on organizations and public art institutions in L.A. Lectures, discussions, and readings delve into the theoretical exploration and practical application of social practices. Required for students in the Teaching Artist Track of the Art Education Certificate Program.

Prerequisite: None

First class materials: Note-taking materials

August 27 – December 10 (no mtg. 11/26)

*Wed 8:15am–11:00am / 15 sessions /
limited enrollment*

Reg# 35107: \$595 Non-credit

Reg# 35108: \$640 Certificate Credit

Reg# 35109: \$2500 College Credit (2.0)

Instructor: S.A. Bachman

XAED245

Community Arts Internship

Students intern at K-12 schools, museums, galleries, cultural organizations, or with socially engaged artists and designers to expand and reflect on their understanding of education theory and community engagement. Required for students in the Teaching Artist Track of the Art Education Certificate Program.

Prerequisite: Teaching for Learning I and Community Arts in LA or instructor's approval

First class materials: Note-taking materials, digital file of resume draft

August 25 – December 8 (no mtg. 9/1)

*Mon 8:00am–11:00am / 15 sessions /
limited enrollment*

Reg# 35110: \$595 Non-credit

Reg# 35111: \$640 Certificate Credit

Reg# 35112: \$2500 College Credit (2.0)

Instructor: Patricia Kovic

XAED335

TEACHER DISCOUNTS

apply to most Otis Continuing Education courses.
For information, see page 92.

Tuition remission for teachers is supported by Sony Pictures Entertainment

ELECTIVES:

NEW!

Special Topics: Art Therapy

Students gain an introduction to visual and performance art techniques used in therapeutic art programs. History and theories of art and performance therapy will be covered through demonstrations, readings, guest lectures, and field trips. Students also produce self-directed work with these techniques in mind while guiding each other through therapeutic art practices.

Prerequisite: None

First class materials: Note-taking materials

August 25 – December 8 (no mtg. 9/1)

Mon 7:00–10:00pm / 15 sessions /

limited enrollment

Reg# 35113: \$595 Non-credit

Reg# 35114: \$640 Certificate Credit

Reg# 35115: \$2500 College Credit (2.0)

Instructor: Francisco Saldaña

PROFESSIONAL DEVELOPMENT FOR EDUCATORS:

THE ARTS IN EDUCATION SERIES

NEW!

Social Media for Educators and Educational Success*

Educators – use social media to augment your professional development, explore your creativity, and enhance student achievement! Examine social media outlets to discover noteworthy educational trends. Learn the basics of how to use social networks and cloud-based tools such as Twitter, Pinterest, Instagram, tumblr, and others. This social media overview for beginners includes learning about basic account set-up, tag use to organize subject matter, best practices for composing posts, efficient ways to cross-post, how to collaborate with other educators across town or around the world via Professional Learning Communities or networks (PLCs and PLNs), and strategies to engage students in current events or other subject matter.

Prerequisite: None

First class materials: Smart Phone or Tablet recommended but not required. Note-taking materials.

October 4

Sat 9:30am–4:30pm / 1 session / 16 students

Reg# 35444: \$99*** .5 CEU

Instructor: Deb Joseph

Digital Media Arts

DIGITAL MEDIA ARTS CERTIFICATE PROGRAM is a sequence of 18 courses, providing intensive study in media arts for those beginning a new career, making a career change, or seeking to enhance their existing art, design, or teaching skills. The program combines the theoretical study of digital media with the acquisition of technical knowledge. The sequence was designed to prepare students for positions as digital artists in the below areas or to augment their current design practices and experience in: **Animation | Digital Imaging and Illustration | Digital Media Arts Education | Motion Graphics | Video Editing | Web Design**

Students use software applications most commonly used by design professionals. Practical training leads to the development of a professional portfolio. All digital courses are hands-on, taught in the computer lab, and include additional lab time on a sign-up basis at no additional cost.

THE 18 COURSE SEQUENCE

Foundation Courses [4]:

- XDWG1001** Drawing & Composition
- XGRD1101** Color Theory & Design
- XGRD5012** Fundamentals of 2-Dimensional Design
- XDMA9011** Introduction to Digital Design

Core Courses [3]:

- XDMA9009** Digital Imaging I: Photoshop
- XDMA9121** Digital Drawing & Illustration I: Illustrator
- XDMA9122** Media Literacy (online course)

Electives [2]:

To be selected from tracks other than student's primary specialization or from the Graphic Design or Illustration disciplines.

Specialization Tracks [9]:

Students specialize in one area and take courses as listed.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (nine terms) over a three-year period. Please refer to our website for detailed program costs. (<http://www.otis.edu/ce>) A completed Certificate Application and \$175.00 fee are required for official enrollment.

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

Color Theory & Design

An essential course for anyone pursuing or currently working in any art or design field who must communicate effectively with color. Confidence and skill are developed through weekly color-mixing exercises and homework projects using gouache. Through lecture, demonstration, critique, and practical experience, students investigate color theory, historical color comparison, color in nature, and analyze masterpiece color. Lectures include the phenomena of color and light and the use of color as a marketing tool.

Prerequisite: None (may be taken concurrently with XGRD5012 Fundamentals of 2-Dimensional Design)

First class materials for Blake: Notebook, 2" x 18" clear plastic grid ruler, 19" x 23" layout bond, 2H pencil, eraser, illustration board (15" x 20" Crescent cold press medium weight), 2 tapes: 1/2" low-tack drafting or graphics tape, 3/4" high-tack masking tape, one large size tube of permanent white gouache (Windsor Newton,) #6 Windsor Newton Sceptre gold round brush, 2 plastic water containers, large palette, compass (opens to 5" radius,) eyedropper

First class materials for Case: Note-taking materials

XGRD1101

Fundamentals of 2-Dimensional Design

This foundation-level course introduces design for the beginner through the application and understanding of 2-dimensional elements and principles. Course offers preparation for beginners and professionals in several design areas. Weekly achromatic (non-color) projects deal with fundamentals of line, space, directional movement, balance, value, texture, pattern, and monochromes. Confidence in hand skills is developed and a final project in the student's area of interest is required. Students gain exposure to a range of current and historical design forms. Class includes studio time, slide lectures, and critique.

Prerequisite: None (may be taken concurrently with XGRD1101 Color Theory & Design)

First class materials for Blake: 8 1/2" x 11" paper, 2H pencil, 2" x 18" clear plastic grid ruler, black chisel-point marker, micro fine-line black pen, pencil sharpener, eraser, Pentel brand fine-point white correction pen, 3M correction tape (1/4" or smaller)

First class materials for Osherow: Sketchbook, pencil, ruler, medium and broad point black felt markers

September 6 – November 22

Early Bird Discount

Otis Continuing Education offers a \$50 discount on most courses, for students enrolling on or before the Open House on August 17, 2014.

For more information, see page 92.

Introduction to Digital Design

Learn the basics of computer operation for graphics applications. Instruction focuses on the Mac platform and introduces students to hierarchical structure, graphic interface, and various applications. Students are exposed to a wide array of digital graphics software applications including: Adobe Illustrator, Adobe Photoshop, QuarkXpress, Adobe InDesign, Adobe Flash, and Adobe Dreamweaver. (Please note: software varies depending on course emphasis.) This hands-on course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: XCMP9200 Basic Computer Operations or equivalent knowledge

First class materials for Godwin: USB Flash Drive; Please test functionality of disk before use.

First class materials for Marinaccio: USB Flash Drive; note-taking materials

(Emphasis: Web Design/Multimedia)

September 6 – November 8

XDMA9011

CORE COURSES:

Digital Imaging I: Photoshop

Students are introduced to digital imaging on the Mac using Adobe Photoshop. Instruction focuses on the basic functions of the program for image manipulation, which include tools and palettes, image resolution, file formats, and input/output options. Course offers real-world solutions for professionals and artists. This hands-on course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: XDMA9011 Introduction to Digital Design

First class materials: USB Flash Drive

September 9 – November 11

Tues 7:00–10:00pm / 10 sessions / 16 students

Reg# 35139: \$675 Non-credit

Reg# 35140: \$710 Certificate Credit

XDMA9121

Media Literacy

Online Course

This course focuses on the importance of accessing, deconstructing, analyzing and evaluating the media. Students look at the media through an historical lens in order to better understand cultural values presented. Course explores the impact of the media on daily lives and questions what is in the frame, how it is constructed, as well as what may have intentionally or unintentionally left out of view. Through lectures, group discussions, assignments and media presentations, students develop an understanding of visual language and the ability to decode the symbols transmitted via the media. Please note: Course takes place completely online in an asynchronous environment. Material will be uploaded weekly on Monday evenings, 7:00pm (Pacific Time). Login information will be forwarded following student registration. Enrollment deadline: Mon, 2/3.

Prerequisites: None

First class materials: Operating system requirements: Mac users – OS X Snow Leopard or higher; PC users – Windows XP or higher

September 8 – November 10

SPECIALIZATION TRACK COURSES:

(listed by course #)

From Idea to Launch: Web Design & Strategy

Students learn by real-world example, in-class projects, and lecture how to successfully approach any design and technology project for the Internet, whether an international music company or a small single person site. Course covers the creative, strategic, and technological aspects of the medium. Students learn how to execute a project from start to finish combining the essential elements of creating a launch strategy, stealth design, and best practices in technology, communication, and integration. Course is geared toward arming students with real-world skills, and includes design critiques and studio time with the

instructors, as well as “Golden Rules” business practices that will make any project undertaken a smashing success.

Prerequisite: Basic knowledge of Photoshop and PowerPoint. Note: HTML is not necessary but a like skill will be necessary for real implementation.

First class materials: USB Flash Drive

September 10 – November 12

Wed 7:00–10:00pm / 10 sessions / 16 students

Reg# 35151: \$675 Non-credit

XDMA9135

Digital Imaging II

This course focuses on the more advanced functions of Adobe Photoshop using the Macintosh. Students concentrate on the techniques for retouching, modifying, and color correcting photo images, photo collages, illustrations, and graphic design. Instruction also covers scanning and importing images, as well as color output options. This hands-on course offers real-world solutions for professionals and artists and is taught in the Otis computer lab. Includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: XDMA9009 Digital Imaging I

Instructor: Eugene Ahn

XDMA9136

Web Design I

Online Course

In this course, students learn the fundamentals of web site authoring. Course covers basic HTML, preparing images for the web, site planning, and web page construction. Additional topics include flow chart and storyboard design, content development, search engines, an introduction to HTML5, Adobe Dreamweaver, the Box Model, complex navigation, responsive Design and current issues and events involving the Internet. Software includes most current Adobe Creative Suite

as well as Plain Text Format. Students build a web site composed of the final project made during the semester. E-mail, an important component of the class experience, is required.

Prerequisite: Introduction to Photoshop or equivalent knowledge

First class materials: Operating system requirements: Mac users – OS X Snow Leopard or higher; PC users – Window XP or higher; students will receive access to Creative Cloud (or similar) to ensure consistent software.

September 9 – November 11

Weekly / 10 weeks / 16 students

XDMA9139

Web Design II

In this course students design web sites with the latest web technologies, including animation, sound, AJAX, JavaScripts and Style Sheets. Students learn WYSIWYG software applications used to create state-of-the-art web design, effects, and navigation. Additional topics include flow chart and storyboard design, content development, search engines, web scripting, uploading web pages, and current issues and events involving the Internet. In this course, students work on a new website as a class project. Software includes Adobe Creative Suite 5 among others. E-mail, an important component of the class experience, is required. This hands-on course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: XDMA9139 Web Design I

XDMA9140

Motion Graphics I

This course introduces students to the basic concepts of motion graphics using Adobe After Effects on the Macintosh. Hands-on exercises cover basic motion techniques with a focus on combining 2D graphics, video, typography and sound. Each class session involves lectures, technical demonstrations, and professional examples of motion graphics used in broadcast media. Assignments cover the use of basic After Effects tools, composition and design, storyboarding, project planning, adding both music and sound synchronization. Course offers real-world solutions for professionals and artists. This hands-on course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: XDMA9009 Digital Imaging I and/or XDMA9136 Digital Imaging II

First class materials: USB Flash Drive

September 11 – November 13

Thur 7:00–10:00pm / 10 sessions / 16 students

Reg# 35136: \$675 Non-credit

XDMA9142

Digital Storytelling

In this hands-on workshop, participants use digital tools to tell their own 'true stories' in a compelling and emotionally engaging form. They produce a two- to five-minute video narrative, combining words, images, music, and other media to artfully present a message. Projects may include memoir, description, and informative prose, among many other possibilities. Course also covers brainstorming and storyboarding techniques. (Note for Educators Track participants: This prototype assignment serves as a template that can be replicated in the classroom with many variations: narrative about literary characters, historical figures and events, instructional guides, etc.)

Prerequisite: XDMA9011 Introduction to Computer Graphics

Developing Apps for Mobile Devices

Online Course

Applications or apps for mobile devices represent an expansive field that mixes interactivity with creativity and blends the lines between the digital and physical environments. In this course, students learn how to create applications for the iOS (iPhone, iPad) and Android operating systems using the Corona Software Development Kit. Students will learn how to write code and create graphics for these mobile platforms. Course examines best practices when writing code, with an emphasis on making programming as accessible as possible for all students and emphasizes an understanding of the internal logic that can be applied to all programming languages. Also covers historical and contemporary examples of successful and unique applications (particularly games). This course will not use XCode, Java or Objective C. Please note: Course takes place completely online in an asynchronous environment. Material will be uploaded weekly on Monday evenings, 7:00pm (Pacific Time). Login information will be forwarded following student registration.

NEW!

Digital Media Arts: Advanced Techniques

This course focuses on an integrated design approach while using a wide range of digital graphics software on the Mac. Students create images and designs for a cross-media marketing campaign including print, television, and the Internet. Primary emphasis is on the use of graphics software belonging to the Adobe Suite. Students gain knowledge of best practices and advanced techniques via lecture, guided hands-on tutorials, and homework assignments. This course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisites: Digital Imaging II, Digital Drawing and Illustration II, and Introduction to Graphic Design.

XDMA9222

User Experience Design

“I’m a Mac...”

“I’m a PC...”

Apple’s advertising campaign has become a classic example of the difference between Apple and Microsoft. In these advertisements, Apple appeared young, cool, and hip, while Microsoft appeared un-hip, overweight, and difficult to interact with. These ads were humorous, but at the core of this depiction was Apple’s focus on the user’s experience. At the time, PCs were less than attractive and almost required a computer science degree to use. On the other hand, “Macs” came in appealing colors and were “easy to use” right out of the box. User experience design, now known as UED, is the control over the flow of interaction between the user and an application. UED exists at the crossroads of graphic design, product design, information design, and product development. In this course, students explore theories in usability, information architecture, and information organization. The goal is for students to learn how to apply these principles to create friendly, elegant designs that take complex processes and organize them into interfaces that users can immediately understand.

Prerequisite: None

XDMA9225

Final Portfolio

For advanced students enrolled in the Digital Media Arts certificate program. In this course students create a portfolio from work produced throughout their course of study. The instructor provides individualized critique regarding technical and conceptual development and offers guidance for developing an effective portfolio. Also covers presentation skills. Students work independently and meet with the instructor weekly. Prerequisite: Students in all areas of specialization (except the Arts Education track) must enroll during their last semester, prior to graduation.

*Day and time to be arranged with instructor
6 sessions / limited enrollment*

Reg# 35163: \$710 Certificate Credit

XDWG1014

Introduction to Graphic Design

This foundation course familiarizes students with the basic principles of composition, design methodologies, and career options in professional visual communication design. Through weekly hands-on assignments and in-depth slide lectures on layout, typography, symbol design, photography, digital imaging and illustration, students become acquainted with a wide variety of topics in contemporary graphic design. This is an excellent course in which to start building a profes-

sional design portfolio. Students can complete their assignments using their own computer or by traditional techniques that are discussed by the instructor in conjunction with each assignment.

Prerequisite: None

First class materials: Note-taking materials

XGRD5029

Storyboarding for Film and Animation

Storyboards help the designer, art director, producer, director, and client visualize a finished work. This course concentrates on translating a concept, idea, image or story into a sequenced visual format. Course explores how to create storyboards for advertising, feature films, television, animation, and game design. Includes step-by-step instruction from developing characters and backgrounds, to producing a final storyboard. Emphasis is on concept development and storytelling.

Prerequisite: XDWG1001 Drawing and Composition, or equivalent knowledge.

First class materials: 14" x 17" layout bond paper pad, 2H, HB, 2B pencil, black fine point, medium point and broad-tip markers. List of additional materials to be provided at first class meeting.

XILU5019

Quick Sketch Techniques

This beginning/intermediate course focuses on quick sketch methods used by artists and animators for the purpose of conceptual design, capturing motion, visual documentation, and creative expression. Students use a variety of techniques and drawing media including line drawing, pen/ink, scribble lines, minimalism, and gesture drawing to communicate the physical descriptions of both animate and inanimate objects. Also covers perspective, line quality, and tone. Students engage in artistic exercises aimed at enhancing eye-hand coordination such as ambidextrous drawing and blind drawing.

Prerequisite: XDWG1001 Drawing & Composition; XDWG1014 Life Drawing

XILU5020

Character Design for Animation and Cartooning

In this course, students learn to create believable and interesting characters for cartoons and animation. Course covers staging, silhouette, posture, structure, costume, color, and shapes, enabling students to create original entertaining characters by imbuing them with human traits. Explores the art of popular cartoonists, animation characters, and design types. Also includes where to apply your skills including internet, advertising, animation, video games, and illustration markets.

Prerequisite: None

First class materials: *Cartoon Animation* by Preston Blair, paper size, color pens or pencils, black construction paper

Digital Photography

This course is designed for the intermediate or advanced photography student. Using new technology, students work in traditional themes of still life, portraiture, and documentation. The course covers how to use your digital camera and develop a full in-depth understanding of Adobe Photoshop. Students use the computer to edit, manipulate and enhance their images. The course focuses on working with RAW image files, color space, advance exposure settings, white balance and camera capture. Through assignments in Photoshop, students explore color management, workflow, color correction, creating actions, re-touching, and compositing. This course is a must for those who want to explore the exciting world of Digital Photography.

Prerequisite: Basic computer knowledge; XPHO2010 Introduction to Photography; XDMA9009 Digital Imaging I: Photoshop

First class materials: Students may bring their camera and note-taking materials.

XPHO2850

Fashion Design

FASHION DESIGN CERTIFICATE PROGRAM is a sequence of 18 courses for those beginning a new career, augmenting an existing career, or seeking to enhance their existing art and design skills. The program is geared for the adult learner, and is designed to prepare students for an entry level position in the fashion industry as a fashion designer (SOC 27-1022*), designer's assistant (SOC 27-1022*), or patternmaker (SOC 51-6092*).

The program meets the professional industry standards outlined by Otis School of Fashion Design, the leading educational program nationwide. Study begins with the development of an understanding of design in dress, and leads to a translation of that knowledge into practical manufacturing requirements. Courses provide intensive, practical training leading to the development of a professional portfolio.

THE 18 COURSE SEQUENCE

Foundation Courses [4]:

- XDWG1001** Drawing & Composition
- XGRD1101** Color Theory & Design
- XGRD5012** Fundamentals of 2-Dimensional Design
- XDWG1014** Life Drawing

Core Courses [12]:

- XFSH3000** Introduction to Fashion Design
- XFSH3201** History of Costume
- XFSH3001** Introduction to Apparel Construction
- XFSH3028** Figure Drawing for Fashion
- XFSH3056** Fashion Illustration
- XFSH3019** Sewing I
- XFSH3014** Draping I
- XFSH3015** Patternmaking I
- XFSH3126** Textiles for Fashion
- XFSH4031** Digital Design for Fashion
- XFSH3132** Design Studio
- XFSH5500** Final Project: Designing and Marketing a Fashion Line

Electives [2]:

Students may select full-unit courses from the Fashion program to receive elective credit.

Certificate Curriculum

Students who are currently enrolled in the Fashion Certificate Program should contact the Continuing Education department to review their certificate requirements. For further information on this certificate program or to speak with a counselor, please call 310-665-6850.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (nine terms) over a three-year period.

Certificate Application:	\$175
Tuition:	\$8,020
Fees:	\$351
Supplies & Books:	\$2,400
Total:	\$10,946

LOCATION

Most Foundation courses take place at Otis' Elaine & Bram Goldsmith Campus in Westchester.

Most Core courses take place at the Otis School of Fashion Design at the California Market Center, 110 East 9th Street, Suite C201, in Downtown Los Angeles. Located in the Los Angeles Fashion District, the California Market Center is the largest apparel mart in the country. In addition to serving as the home for Otis' School of Fashion Design, it houses over 10,000 fashion collections in 1,500 showrooms. Unless otherwise indicated, classes in the School of Fashion Design will meet at this location. Room assignments for Continuing Education courses will be posted outside the Fashion Office, Room C201.

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

FOUNDATION COURSES:

All Foundation courses take place at the Elaine & Bram Goldsmith Campus, unless otherwise noted.

Drawing & Composition

This beginning course develops skills in the elements of drawing and composition. Through demonstration, class exercises, and critiques, students explore concepts including contour line, cross contour, modeling, uses of marks to show form and space, perspective, scale and measurement, and positive/negative space.

Prerequisite: None

First class materials for Adams: One box of Staedler Mars graphite pencils 9H or 9B; one roll of drafting tape or artists tape (low tack tape), 1/2" thick; one Staedler Mars white plastic eraser; one pencil sharpener; one Masonite drawing board with two clips and pink rubber band (large enough to hold an 18" x 24" sketch pad); one 18" x 24" Strathmore recycled drawing tablet (dark green cover) or Strathmore drawing tablet (brown cover)

First class materials for Jones: Drawing board; 18" x 24" sketchpad (Strathmore, Canson, Aquabee;) 11" x 14" sketchbook; Charcoal pencils: hard (HB or B), medium (2B or 4B), soft (6B or 8B); Pastel pencils: Faber-Castell "PITT" or Stabilo "CarbOthello" pencils, NO Conte' pastel pencils; Pastel colors: dark sephia in PITT and one or two other dark earth-tones, blues, reds; Colored pencils: Faber-Castell "Polychromos" and Berol "Prismacolor" Colors: two or three in dark colors (black, reds, blues, etc.; Do not get watercolor versions of these pencils) Kneaded rubber eraser; Eraser shield; Razor blades; Small piece #100 sandpaper (3" x 4 "); Chamois; 18" x 2" "See-Thru Ruler" (plastic)

At Otis' New Mid-Wilshire Studio

Color Theory & Design

An essential course for anyone pursuing or currently working in any art or design field who must communicate effectively with color. Confidence and skill are developed through weekly color-mixing exercises and homework projects using gouache. Through lecture, demonstration, critique, and practical experience, students investigate color theory, historical color comparison, color in nature, and analyze masterpiece color. Lectures include the phenomena of color and light and the use of color as a marketing tool.

Prerequisite: None (may be taken concurrently with XGRD5012 Fundamentals of 2-Dimensional Design)

First class materials for Blake: Notebook, 2" x 18" clear plastic grid ruler, 19" x 23" layout bond, 2H pencil, eraser, illustration board (15" x 20" Crescent cold press medium weight), 2 tapes: 1/2" low-tack drafting or graphics tape, 3/4" high-tack masking tape, one large size tube of permanent white gouache (Windsor Newton,) #6 Windsor Newton Sceptre gold round brush, 2 plastic water containers, large palette, compass (opens to 5" radius,) eyedropper

First class materials for Case: Note-taking materials

September 6 – November 22

Sat 1:30–4:30pm / 12 sessions / 16 students

Reg# 35204: \$395 Non-credit

Reg# 35205: \$430 Certificate Credit

Reg# 35208: \$430 Certificate Credit

Reg# 35209: \$1250 College Credit (1.0)

Instructor: Cole Case

XGRD1101

Fundamentals of 2-Dimensional Design

This foundation-level course introduces design for the beginner through the application and understanding of 2-dimensional elements and principles. Course offers preparation for beginners and professionals in several design areas. Weekly achromatic (non-color) projects deal with fundamentals of line, space, directional movement, balance, value, texture, pattern, and monochromes. Confidence in hand skills is developed and a final project in the student's area of interest is required. Students gain exposure to a range of current and historical design forms. Class includes studio time, slide lectures, and critique.

Prerequisite: None (may be taken concurrently with XGRD1101 Color Theory & Design)

First class materials for Blake: 8 1/2" x 11" paper, 2H pencil, 2" x 18" clear plastic grid ruler, black chisel-point marker, micro fine-line black pen, pencil sharpener, eraser, Pentel brand fine-point white correction pen, 3M correction tape (1/4" or smaller)

First class materials for Osherow: Sketchbook, pencil, ruler, medium and broad point black felt markers

September 6 – November 22

Sat 10:00am–1:00pm / 12 sessions / 16 students

Reg# 35210: \$395 Non-credit

Reg# 35211: \$430 Certificate Credit

XGRD5012

Life Drawing

This beginning/intermediate course emphasizes the structure and proportion of the human form. While drawing from the live model, studio instruction includes quick sketch, long, and short poses. Students work in a variety of drawing media. Course may be repeated.

Prerequisite: XDWG1001 Drawing & Composition

First class materials: Drawing pencils, kneaded eraser, compressed charcoal, 18" x 24" newsprint pad, drawing board

September 9 – November 25

Tues 7:00– 10:00pm / 12 sessions / 18 students

XDWG1014

CORE COURSES:

Introduction to Fashion Design

California Market Center Campus

Focusing on the world of fashion and the fashion business, this course covers how fashion apparel is designed, manufactured, marketed, and distributed. It is designed to capture the dynamics of the fashion industry, with its many components and possible career opportunities. Global suppliers to apparel manufacturers and the technological changes within the world of fashion are explored. Students are encouraged to investigate this ever-changing industry and the retail market it serves. Is it working? How does a designer meet consumer demand?

Prerequisite: None

First class materials: TBD

September 6 – November 22

Sat 11:00am–2:00pm / 12 sessions / 18 students

Reg# 35165: \$395 Non-credit

Reg# 35166: \$430 Certificate Credit

Reg# 35167: \$1250 College Credit (1.0)

Instructor: Shpetim Zero

XFSH3000

Introduction to Apparel Construction

California Market Center Campus

This course introduces students to three major aspects of apparel production: patternmaking methods, draping techniques, and use of the industrial sewing machine. Course includes apparel production terminology and garment construction techniques. Covers dart manipulation, drafting a skirt block, and creating a complete pattern.

Prerequisite: None

First class materials: TBD

September 7 – November 23

Sun 9:30am–12:30pm / 12 sessions / 12 students

Reg# 35168: \$395 Non-credit

Reg# 35169: \$430 Certificate Credit

Reg# 35170: \$1250 College Credit (1.0)
(\$35 lab fee payable upon registration)

Instructor: Morrison Jackson

XFSH3001

Sewing I

California Market Center Campus

This course introduces both general sewing techniques and the operation of industrial power machines. Students learn the theory of accurately sewing various parts of a garment together according to industrial standards. Students are assigned specific clothing projects.

Prerequisite: XFSH3001 Introduction to Apparel Construction

First class materials: 5 yards muslin, 2" x 18" clear ruler, fabric scissors, tape measure, industrial single-needle foot, bobbin and case, hand sewing needles, industrial sewing machine needles, white and colored spool or cone of thread, straight pins, seam ripper, flathead (standard) screwdriver, Sharpie black ink marker, #2 pencil, note-taking materials. Optional texts – 1st choice text: *A Guide to Fashion Sewing* (3rd or 4th Edition, Amaden-Crawford); 2nd choice text: *A Complete Guide to Sewing* (Reader's Digest)

September 6 – November 22

Sat 11:30am – 2:30pm / 12 sessions / 14 students

Reg# 35180: \$395 Non-credit

Reg# 35181: \$430 Certificate Credit

Reg# 35182: \$1250 College Credit (1.0)
(\$35 lab fee payable upon registration)

Instructor: Pam Banks

XFSH3019

Draping I

California Market Center Campus

Students learn the basic principles of draping on the dress form including style lines, fit, and balance. Studio instruction includes preparing muslin, marking, and truing finished bodices and skirts.

Prerequisite: XFSH3019 Sewing I

First class materials: 1 yard muslin, fabric scissors, #17 plain straight pins, pin cushion, tape measure, #2 pencil, 2' x 18" clear ruler, notebook; Required text – *The Art of Fashion Draping*, (3rd or 4th Edition, Amaden-Crawford)

September 6 – November 22

Sat 2:45–5:45pm / 12 sessions / 14 students

Reg# 35177: \$395 Non-credit

Reg# 35178: \$430 Certificate Credit

Reg# 35179: \$1250 College Credit (1.0)

(\$35 lab fee payable upon registration)

Instructor: Pam Banks

XFSH3014

Patternmaking I

California Market Center Campus

Students learn to flat patterndraft from sketches, using approved slopers. In today's industry, this is the fastest and most commonly used method. Students begin with seamless blocks, draft the pattern on dotted paper, add seams, and then transfer to manilla for a final hard paper pattern, including an appropriate patterncard. Assignments include sewing the finished pattern in muslin, checking the fit on the dress form and making corrections to the pattern. Mirroring industry techniques, students develop skills expected of a designer and/or a first-pattern patternmaker.

Prerequisite: XFSH3019 Sewing I, XFSH3014 Draping I

First class materials: TBD; Text: *Patternmaking for Fashion Design*, 5th edition preferred, by Helen Joseph Armstrong.

September 7 – November 23

Sun 1:00–4:00pm / 12 sessions / 12 students

Reg# 35174: \$395 Non-credit

Reg# 35175: \$430 Certificate Credit

Reg# 35176: \$1250 College Credit (1.0)

(\$35 lab fee payable upon registration)

Instructor: Morrison Jackson

XFSH3015

Figure Drawing for Fashion

Elaine and Bram Goldsmith Campus

Students draw from live models to develop an awareness of the proportions and movement of the elongated fashion figure. This course explores the visualization of various fabrics and garments on the figure.

Prerequisite: XDWG1001 Drawing & Composition, XDWG1014 Life Drawing

First class materials: Drawing Board, 18" x 24" white Bond paper pad, kneaded eraser, charcoal pencils (black, soft, medium, hard), Black Prismacolor pencils, sharpener, color marker set, small watercolor set

September 11 – December 4 (no mtg. 11/27)

Thur 7:00–10:00pm / 12 sessions / 14 students

Reg# 35485: \$395 Non-credit

Reg# 35486: \$430 Certificate Credit

Reg# 35487: \$1250 College Credit (1.0)

Instructor: Diana Vitale

XFSH3028

Textiles for Fashion

California Market Center Campus

Students develop an understanding of fabrics based on the performance properties of fiber, fabric construction, and functional and aesthetic finishes. They also examine the role that fiber plays in fabric appearance, performance, price, and care. Topics include fabric sources, the fashion forecasting system, how to fabricate a line, how to produce a fabric storyboard, and how designers sample and buy fabric.

Prerequisite: XFSH30 Basic Sewing, XFSH3014 Draping I, and XFSH3015 Patternmaking

First class materials: Text: *J.J. Pizzuto's Fabric Science*, 10th Edition, by Allen C. Cohen and Ingrid Johnson; *Swatch Reference Guide for Fashion Fabrics*, 2nd Edition, by Deborah E. Young

September 11 – December 4 (no mtg. 11/27)

Thur 7:00–10:00pm / 12 sessions / 14 students

Reg# 35186: \$395 Non-credit

Reg# 35187: \$430 Certificate Credit

Reg# 35188: \$1250 College Credit (1.0)

Instructor: Lizi Ruch

XFSH3126

History of Costume

California Market Center Campus

This course explores the history of costume from antiquity to the present day. Course surveys clothing styles and the factors that influence stylistic changes. Also examines costume's ethnic origins, as well as its adaptation and assimilation into fashion trends in following centuries.

Prerequisite: None

First class materials: TBD

September 10 – December 3 (no mtg. 11/26)

Wed 7:00–10:00pm / 12 sessions / 18 students

Reg# 35189: \$395 Non-credit

Reg# 35190: \$430 Certificate Credit

Reg# 35191: \$1250 College Credit (1.0)

Instructor: Morrison Jackson

XFSH3201

ELECTIVES:

The following courses take place at the Elaine & Bram Goldsmith Campus, unless otherwise noted.

Haute Couture Finishing and Construction

This course is an introduction to haute couture sewing methods, including the practice of essential hand fastenings, stitching techniques, and ornamental work including basting, seam variation, plaits and folds, and handmade button holes. Students are assigned tailoring projects. Note: Course requires substantial handwork, concentration, and attention to detail. When necessary, students use their own portable sewing machines.

Prerequisite: XFSH3019 Sewing I

First class materials: Note-taking materials

September 11 – November 13

Thur 7:00–10:00pm / 10 sessions / 14 students

Reg# 35192: \$395 Non-credit

Reg# 35193: \$430 Certificate Credit

Reg# 35194: \$1250 College Credit (1.0)

Instructor: Shpetim Zero

XFSH3005

Digital Design for Fashion

In this course students design and merchandize a collection (sportswear or dresses) while learning skills in Adobe Illustrator & Photoshop. Topics include technical flats, fashion illustration, logos, fabric repeats & colorways, and layout. Students complete a digital portfolio group for their final project.

Prerequisite: XFSH3028 Figure Drawing for Fashion; No prior computer experience necessary.

First class materials: USB Flash Drive

September 6 – November 22

Sat 1:00–4:00pm / 12 sessions / 16 students

Reg# 35413: \$675 Non-credit

Reg# 35414: \$710 Certificate Credit

Reg# 35415: \$1550 College Credit (1.0)

Instructor: Anne M. Bray

XFSH4031

NEW!

Patternmaking II: Advanced Patterndrafting Techniques

California Market Center Campus

Using skills of flat-patterndrafting acquired in Patternmaking I, students concentrate on developing whole garment patterns in a timely manner with emphasis placed on correct fit and construction appropriate to industry expectations. Students should bring text and tools, and be prepared to work on the first day of class.

Prerequisite: 3015 Patternmaking I

First class materials: 18" Graff ruler, scissors (pattern and fabric), mechanical pencil, French curve, pattern notcher, stapler, 3/4" Magic Scotch Tape in table dispenser, 8 1/2" x 11" lined notepaper in a 1" binder, pattern hooks.

September 6 – November 22

Sat 8:00–11:00am / 12 sessions / 14 students

Reg# 35454: \$395 Non-credit

Reg# 35455: \$430 Certificate Credit

Reg# 35456: \$1250 College Credit (1.0)

(\$35 lab fee payable upon registration)

Instructor: Pam Banks

XFSH3012

Graphic Design

GRAPHIC DESIGN CERTIFICATE PROGRAM is a sequence of 16 courses for those interested in developing a new career, augmenting a current career, or seeking to enhance their existing art or design skills. The program is geared for the adult learner, and is designed to meet the needs of the graphic design industry. Courses stress creative problem-solving, provide intensive practical training, and are taught by professional designers and fine artists. The program is intended to prepare students for an entry-level position as a graphic designer or production artist (SOC 27-1024*).

THE 16 COURSE SEQUENCE

Core Courses [12]:

- XGRD5014** Introduction to Graphic Design
- XDWG1001** Drawing & Composition
- XGRD1101** Color Theory & Design
- XGRD5012** Fundamentals of 2-Dimensional Design
- XDMA9011** Introduction to Digital Design
- XGRD5026** Digital Print Production
- XGRD5029** Typography I
- XGRD5030** Typography II
- XILU5020** Quick Sketch Techniques
- XILU5019** Storyboarding for Entertainment and Design
- XGRD5016** Logos, Letterforms, and Symbols
- XGRD5500** Final Portfolio

Electives [4]:

Students may select full-unit courses from the Digital Media Arts or Illustration programs to receive elective credit.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (eight terms) over a three-year period.

Certificate Application:	\$175
Tuition:	\$8,560
Fees:	\$312
Supplies & Books:	\$2,000
Total:	\$11,047

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

CORE COURSES:

Introduction to Graphic Design

This foundation course familiarizes students with the basic principles of composition, design methodologies, and career options in professional visual communication design. Through weekly hands-on assignments and in-depth slide lectures on layout, typography, symbol design, photography, digital imaging and illustration, students become acquainted with a wide variety of topics in contemporary graphic design. This is an excellent course in which to start building a professional design portfolio. Students can complete their assignments using their own computer or by traditional techniques that are discussed by the instructor in conjunction with each assignment.

Prerequisite: None

First class materials: Note-taking materials

September 6 – November 8

Sat 1:00– 4:00pm / 10 sessions / 16 students

Reg# 35201: \$395 Non-credit

Reg# 35202: \$430 Certificate Credit

Reg# 35203: \$1250 College Credit (1.0)

Instructor: Staff

XGRD5014

Drawing & Composition

This beginning course develops skills in the elements of drawing and composition. Through demonstration, class exercises, and critiques, students explore concepts including contour line, cross contour, modeling, uses of marks to show form and space, perspective, scale and measurement, and positive/negative space.

Prerequisite: None

First class materials for Adams: One box of Staedler Mars graphite pencils 9H or 9B; one roll of drafting tape or artists tape (low tack tape), 1/2" thick; one Staedler Mars white plastic eraser; one pencil sharpener; one Masonite drawing board with two clips and pink rubber band (large enough to hold an 18" x 24" sketch pad); one 18" x 24" Strathmore recycled drawing tablet (dark green cover) or Strathmore drawing tablet (brown cover)

First class materials for Jones: Drawing board; 18" x 24" sketchpad (Strathmore, Canson, Aquabee;) 11" x 14" sketchbook; Charcoal pencils: hard (HB or B), medium (2B or 4B), soft (6B or 8B); Pastel pencils: Faber-Castell "PITT" or Stabilo "CarbOthello" pencils, NO Conte' pastel pencils; Pastel colors: dark sepia in PITT and one or two other dark earth-tones, blues, reds; Colored pencils: Faber-Castell "Polychromos" and Berol "Prismacolor" Colors: two or three in dark colors (black, reds, blues, etc.; Do not get watercolor versions of these pencils) Kneaded rubber eraser; Eraser shield; Razor blades; Small piece #100 sandpaper (3" x4 "); Chamois; 18" x 2" "See-Thru Ruler" (plastic)

XGRD5012

Introduction to Digital Design

Learn the basics of computer operation for graphics applications. Instruction focuses on the Mac platform and introduces students to hierarchical structure, graphic interface, and various applications. Students are exposed to a wide array of digital graphics software applications including: Illustrator, Photoshop, QuarkXpress, InDesign, Flash, and Dreamweaver. (Please note: software varies depending on course emphasis.) This hands-on course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: None (basic computer skills are helpful)

First class materials: USB Flash Drive; note-taking materials

(Emphasis: Graphic Design/Print)

September 6 – November 1

Sat 1:00–4:20pm / 9 sessions / 16 students

Reg# 35130: \$675 Non-credit

Reg# 35132: \$1550 College Credit (1.0)

Instructor: Kathleen Marinaccio

XDMA9011

Typography I

This studio course considers type selection and type production. Special emphasis is on the mechanics of type including measurements, type spacing, and composition. Analysis of basic letterforms, drawing and inking techniques, and letter indication are stressed. Students produce a small booklet or a poster.

Prerequisite: None

First class materials: Thin and thick black markers, 8 1/2" x 11" white bond, 12" Schaedler Precision Ruler

September 10 – November 12

Wed 7:00–10:00pm / 10 sessions / 16 students

Reg# 35216: \$395 Non-credit

Reg# 35217: \$430 Certificate Credit

Reg# 35218: \$1250 College Credit (1.0)

Instructor: Lorna Turner

XGRD5029

Digital Print Production

Explore the power of Quark Xpress while designing a three-piece self-promotion series. In this course, students learn everything they need to know to handle any offset print job. Students design and prepare for print: full color business cards, calendars, and press kits. Also includes a tour of Color Net Press, an off-set printing plant, Express Press, a digital printing plant, and a presentation from Smart Paper. (Business cards to be printed at students' expense. Approximate cost: \$85 for double sided full color cards.)

Prerequisite: XDMA9011 Introduction to Digital Design

First class materials: \$35 payable to the instructor at first class meeting for 4GB Flash drive, pen, and notebook.

September 7 – November 2

Sun 1:00–4:20pm / 9 sessions / 16 students

Reg# 35219: \$675 Non-credit

Reg# 35220: \$710 Certificate Credit

Reg# 35221: \$1550 College Credit (1.0)

Instructor: Kathleen Marinaccio

XGRD5026

Final Portfolio

For advanced students enrolled in the Computer Graphics or Graphic Design certificate programs. In this course students create a portfolio from work produced throughout their course of study. The instructor provides individualized critique regarding technical and conceptual development and offers guidance for developing an effective portfolio. Also covers presentation skills. Students work independently and meet with the instructor weekly.

Prerequisite: Students must enroll during their last semester, prior to graduation.

First class materials: TBD

Dates to be arranged

Day and time to be arranged

ELECTIVES:

Introduction to Letterpress

In this course students are introduced to the basics of letterpress printing for the Vandercook proof press including hand typesetting, typography, composition, locking up, printing, and distribution. Students also create a multi-color reduction linoleum block project, which covers registration, printing, and color separation techniques. The Otis Lab Press is a fully functioning studio with four Vandercook proof presses and over 200 typefaces. Established in 1984 by Sheila de Brettville as part of the Communication Arts Department, the Lab Press has a rich history of small edition book publishing. Students actively participate and produce award-winning books that have become a permanent part of the university rare book collections throughout Southern California.

Prerequisite: None

First class materials: \$35 lab fee payable to instructor; supply list of additional materials provided at 1st class mtg.

September 10 – November 12

Wed 7:00–10:00pm / 10 sessions / 10 students

Reg# 35488: \$395 Non-credit

Reg# 35489: \$430 Certificate Credit

Reg# 35490: \$1250 College Credit (1.0)

(\$35 lab fee payable upon registration)

Instructor: Rebecca Chamlee

XGRD5100

Digital Letterpress

A studio course in letterpress printing with photopolymer plates, held at the Otis Laboratory Press. This course covers all aspects of this revolutionary new process for the relief printing of digital imaging (digital-to-analog) – from digital prepress and plate processing to letterpress printing. Demonstrations include digital imaging requirements and font-editing, processing with the plate making machine, and presswork on the Vandercook flatbed cylinder press. Also covers related investigative and exploratory printing and typographic techniques. Previous experience with image-editing and page-layout software is required. Prior letterpress experience suggested.

Prerequisite: XGRD5105 Introduction to Letterpress or equivalent experience

First class materials: \$35 materials fee payable to instructor at first class meeting

September 6 – November 8

Sat 11:00am–2:00pm / 10 sessions / 10 students

Reg# 35227: \$395 Non-credit

Reg# 35228: \$430 Certificate Credit

Reg# 35229: \$1250 College Credit (1.0)

(\$35 lab fee payable upon registration)

Instructor: Leslie Ross-Robertson

XGRD5105

Introduction to Book Binding

This hands-on workshop introduces the skills, craft, materials, process and techniques used in making book structures. Students learn binding methods involving paper folding, cutting, sewing, gluing, and other means of assembling individual sheets, signatures, and text blocks with or without covers. Course projects have the potential to evolve into creative and personal objects that hold visual work and text.

Prerequisite: None

First class materials: \$35 materials fee payable to the instructor for supplies

September 9 – November 11

Tues 7:00–10:00pm / 10 sessions / 10 students

Reg# 35230: \$395 Non Credit

Reg# 35231: \$430 Certificate Credit

Reg# 35232: \$1250 College Credit (1.0)

Instructor: Rebecca Chamlee

XGRD5109

NEW!

The Pointed Pen: Copperplate*

Copperplate is a style that originated in the 16th century. It is a flourishing cursive and is ideal for wedding invitations and envelopes. It's done with a pointed pen and is an excellent beginning style to learn. This class is open to beginners, as well as students who need a review.

Prerequisite: None

First class materials: Materials may be purchased at first class. A list and description of materials may be found at Deannsinghcalligraphy.blogspot.com under Material lists.

September 23 – October 14

Tues 6:30–9:30pm / 4 sessions / 12 students

Reg# 35416: \$99 Non-credit

Instructor: De Ann Singh

XGRD2600

Italic Lettering*

Italic is the style that most people think of when they hear the word calligraphy. It is the most versatile of all the calligraphic letterforms. It's done with the chisel point pen and prepares you for all the historic styles. A very elegant Renaissance font, it can be flourished and decorative. This class is open to beginners, as well as students who need a review.

Prerequisite: None

First class materials: Materials may be purchased at first class. A list and description of materials may be found at Deannsinghcalligraphy.blogspot.com under Material Lists.

October 21 – November 11

Tues 6:30–9:30pm / 4 sessions / 16 students

Reg# 35417: \$99 Non-credit

Instructor: De Ann Singh

XGRD6100

Illustration

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

Digital Drawing & Illustration I: Adobe Illustrator

Students are introduced to illustration and drawing on the Macintosh using Adobe Illustrator. Instruction focuses on the basic functions of the program including the use of the tool palette, menus, layers, color palette, and tracing tools for use in the design of logos, packaging, publications, signage, and illustrations. Course offers real-world solutions for professionals and artists. This hands-on course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: XDMA9011 Introduction to Computer Graphics, XDWG1001 Drawing & Composition

First class materials: USB Flash Drive

September 9 – November 11

Tues 7:00–10:00pm / 10 sessions / 16 students

Reg# 35133: \$675 Non-credit

Reg# 35134: \$710 Certificate Credit

Reg# 35135: \$1550 College Credit (1.0)

Storyboarding for Film and Animation

Storyboards help the designer, art director, producer, director, and client visualize a finished work. This course concentrates on translating a concept, idea, image or story into a sequenced visual format. Course explores how to create storyboards for advertising, feature films, television, animation, and game design. Includes step-by-step instruction from developing characters and backgrounds, to producing a final storyboard. Emphasis is on concept development and storytelling.

Prerequisite: XDWG1001 Drawing and Composition, or equivalent knowledge.

First class materials: 14" x 17" layout bond paper pad, 2H, HB, 2B pencil, black fine point, medium point and broad-tip markers. List of additional materials to be provided at first class meeting.

September 6 – November 8

Sat 1:30pm – 4:30pm / 10 sessions / 16 students

Reg# 35246: \$395 Non-credit

Reg# 35247: \$430 Certificate Credit

Reg# 35248: \$1250 College Credit (1.0)

Quick Sketch Techniques

This beginning/intermediate course focuses on quick sketch methods used by artists and animators for the purpose of conceptual design, capturing motion, visual documentation, and creative expression. Students use a variety of techniques and drawing media including line drawing, pen/ink, scribble lines, minimalism, and gesture drawing to communicate the physical descriptions of both animate and inanimate objects. Also covers perspective, line quality, and tone. Students engage in artistic exercises aimed at enhancing eye-hand coordination such as ambidextrous drawing and blind drawing.

Prerequisite: XDWG1001 Drawing & Composition; XDWG1014 Life Drawing

First class materials: TBD

September 6 – November 8

Sat 10:00am–1:00pm / 10 sessions / 16 students

Reg# 35243: \$395 Non-credit

Reg# 35244: \$430 Certificate Credit

Reg# 35245: \$1250 College Credit (1.0)

Instructor: Robert Roach

XILU5020

Character Design for Animation and Cartooning

In this course, students learn to create believable and interesting characters for cartoons and animation. Course covers staging, silhouette, posture, structure, costume, color, and shapes, enabling students to create original entertaining characters by imbuing them with human traits. Explores the art of popular cartoonists, animation characters, and design types. Also includes where to apply your skills including internet, advertising, animation, video games, and illustration markets.

Prerequisite: None

First class materials: *Cartoon Animation* by Preston Blair, paper size, color pens or pencils, black construction paper

September 9 – November 11

Tues 7:00–10:00pm / 10 sessions / 16 students

Reg# 35249: \$395 Non-credit

Reg# 35250: \$430 Certificate Credit

Reg# 35251: \$1250 College Credit (1.0)

Instructor: Lenord Robinson

XILU6300

Illustrating Children's Books

In this course students explore the steps involved in illustrating a children's book. Through hands-on assignments, lectures, and critiques, students examine aesthetic and technical aspects including text analysis, concept development, character studies, and story boarding. Students create illustrations that harmonize with the text, produce a rough dummy, and create three pieces of full color, resolved illustrations. Also covers how to submit artwork and/or book proposals to art directors and editors, how to market your work and what you can expect in a publishing contract. Suitable for beginning to advanced artistic skills.

Prerequisite: None

First class materials: Note-taking materials.

Also, please bring any rough sketches you would like to discuss, as well as a children's book, which has caught your fancy!

XILU6009

Interior & Home Design

INTERIOR DESIGN CERTIFICATE PROGRAM is a sequence of 18 courses intended for individuals beginning a new career, augmenting an existing career, or seeking to enhance their existing art or design skills. The program is geared for the adult learner and is designed to meet professional industry standards. Study begins with the development of an understanding of foundational design theory and leads to a translation of that knowledge into practical interior design requirements. Courses provide intensive, practical training leading to the development of a professional portfolio. The program is intended to prepare students for an entry-level position as an interior designer or decorator (SOC 27-1025*). Students may select full-unit courses from the Lighting Design Certificate program to receive elective credit.

THE 18 COURSE SEQUENCE

Foundation Courses [4]:

- XDWG1001** Drawing and Composition
- XGRD1101** Color Theory & Design
- XGRD5012** Fundamentals of 2-Dimensional Design
- XINT3000** Fundamentals of 3-Dimensional Design

Core Courses [12]:

- XINT7010** Introduction to Interior Design
- XINT7200** Drafting I
- XINT7300** Design Studio I
- XINT7016** Perspective Drawing
- XINT7017** Surface Materials & Presentation Techniques
- XINT7205** AutoCAD for Interior Design
- XINT7201** Drafting II
- XINT7301** Design Studio II
- XINT7012** History of Interior Design and Furniture
- XINT7040** Space Planning
- XINT7060** Interior Lighting Design
- XINT7302** Design Studio III

Electives [2]:

Choose from listed electives.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (four terms) over a two-year period.

Certificate Application:	\$175
Tuition:	\$8,020
Fees:	\$351
Supplies & Books:	\$2,200
Total:	\$10,746

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

FOUNDATION COURSES:

Drawing & Composition

This beginning course develops skills in the elements of drawing and composition. Through demonstration, class exercises, and critiques, students explore concepts including contour line, cross contour, modeling, uses of marks to show form and space, perspective, scale and measurement, and positive/negative space.

Prerequisite: None

First class materials for Adams: One box of Staedler Mars graphite pencils 9H or 9B; one roll of drafting tape or artists tape (low tack tape), 1/2" thick; one Staedler Mars white plastic eraser; one pencil sharpener; one Masonite drawing board with two clips and pink rubber band (large enough to hold an 18" x 24" sketch pad; one 18" x 24" Strathmore recycled drawing tablet (dark green cover) or Strathmore drawing tablet (brown cover)

First class materials for Jones: Drawing board; 18" x 24" sketchpad (Strathmore, Canson, Aqua-bee); 11" x 14" sketchbook; Charcoal pencils: hard (HB or B), medium (2B or 4B), soft (6B or 8B); Pastel pencils: Faber-Castell "PITT" or Stabilo "CarbOthello" pencils, NO Conte' pastel pencils; Pastel colors: dark sепhia in PITT and one or two other dark earth-tones, blues, reds; Colored pencils: Faber-Castell "Polychromos" and Berol "Prismacolor" Colors: two or three in dark colors (black, reds, blues, etc.; Do not get watercolor versions of these pencils) Kneaded rubber eraser; Eraser shield; Razor blades; Small piece #100 sandpaper (3" x 4 "); Chamois; 18" x 2" "See-Thru Ruler" (plastic)

XDWG1001

Color Theory & Design

An essential course for anyone pursuing or currently working in any art or design field who must communicate effectively with color. Confidence and skill are developed through weekly color-mixing exercises and homework projects using gouache. Through lecture, demonstration, critique, and practical experience, students investigate color theory, historical color comparison, color in nature, and analyze masterpiece color. Lectures include the phenomena of color and light and the use of color as a marketing tool.

Prerequisite: None (may be taken concurrently with XGRD5012 Fundamentals of 2-Dimensional Design)

First class materials for Blake: Notebook, 2" x 18" clear plastic grid ruler, 19" x 23" layout bond, 2H pencil, eraser, illustration board (15" x 20" Crescent cold press medium weight), 2 tapes: 1/2" low-tack drafting or graphics tape, 3/4" high-tack masking tape, one large size tube of permanent white gouache (Windsor Newton,) #6 Windsor Newton Sceptre gold round brush, 2 plastic water containers, large palette, compass (opens to 5" radius,) eyedropper

First class materials for Case: Note-taking materials

September 6 – November 22

Sat 1:30–4:30pm / 12 sessions / 16 students

XGRD1101

Fundamentals of 2-Dimensional Design

This foundation-level course introduces design for the beginner through the application and understanding of 2-dimensional elements and principles. Course offers preparation for beginners and professionals in several design areas. Weekly achromatic (non-color) projects deal with fundamentals of line, space, directional movement, balance, value, texture, pattern, and monochromes. Confidence in hand skills is developed and a final project in the student's area of interest is required. Students gain exposure to a range of current and historical design forms. Class includes studio time, slide lectures, and critique.

Prerequisite: None (may be taken concurrently with XGRD1101 Color Theory & Design)

First class materials for Blake: 8 1/2" x 11" paper, 2H pencil, 2" x 18" clear plastic grid ruler, black chisel-point marker, micro fine-line black pen, pencil sharpener, eraser, Pentel brand fine-point white correction pen, 3M correction tape (1/4" or smaller)

First class materials for Osherow: Sketchbook, pencil, ruler, medium and broad point black felt markers

September 6 – November 22
Sat 10:00am–1:00pm / 12 sessions / 16 students

XGRD5012

CORE COURSES

Introduction to Interior Design

A comprehensive introduction to the field of interior design. Students learn the essential principles to create aesthetically pleasing and functional interiors for residential or commercial spaces. Topics include fundamental design principles, basic color theory, appropriate use of materials, fabric and furniture selection, space planning, and historical periods that continue to influence the field of interior design today. Course focuses on the elements of design, exploring the overall concepts that go into creating a design.

Prerequisite: None

First class materials: TBD

September 9 – November 11
Tues 7:00–10:00pm / 10 sessions / 16 students
Reg# 35255: \$395 Non-credit
Reg# 35256: \$430 Certificate Credit
Reg# 35257: \$1250 College Credit (1.0)
Instructor: Ty Wynn
XINT7010

History of Interior Design & Furniture

This survey course explores historical furnishings from ancient civilizations through the present day. Focuses on French, English, and American periods, as well as masters of contemporary furniture design and current trends.

Prerequisite: None

First class materials: Note-taking materials

September 16 – November 18
Tues 7:00–10:00pm / 10 sessions / 16 students
Reg# 35276: \$395 Non-credit
Reg# 35277: \$430 Certificate Credit
Reg# 35278: \$1250 College Credit (1.0)
Instructor: Jennifer Doublet
XINT7012

Drafting I

An introduction to the drafting methods and techniques used to create floor plans and elevation views for interior design. In this course students learn to use the basic tools and procedures of drafting to develop effective interior design plans. Course covers tools and applications; practical use of architectural measurement and scale; use of dimensioning methods; and the development of legends. Explores how to incorporate design ideas into a practical plan format to fully realize the interior concept. Students design a unique 800 square foot Minimalist micro mountain retreat, as a vehicle to learn critical drafting methods and techniques. Emphasis is on developing design concepts.

Prerequisite: None

First class materials: One each of the following – 14" 30-60 STD triangle, 8" 45 Degree STD triangle, 12" triangle (Arch Hand Scale), H Mars-Lumograph pencil, 2H Mars-Luograph pencil, Sanford Tuff Stuff eraser, Sanford Tuff Stuff Eraser Refill (2-Pak), erasing shield, Ames Lettering Guide, Pocket Pal Template, 8 sheets of 24" x 36", 16lb. plain clearprt Vellum, 1 roll of Drafting Dots

September 11 – November 13

Thur 7:00–10:00pm / 10 sessions / 16 students

Reg# 35258: \$395 Non-credit

Reg# 35259: \$430 Certificate Credit

Reg# 35260: \$1250 College Credit (1.0)

Instructor: Staff

XINT7200

Early Bird Discount

Drafting II

Students continue exploring the drafting methods and techniques learned in Drafting I, to create floor plans and elevation views for commercial interior design. In this course students further develop their drafting skills in order to create effective interior design plans. Explores how to incorporate design ideas into a practical plan format to fully realize the interior concept. Emphasis is on developing design concepts for commercial applications including office, restaurant, and retail spaces.

Prerequisite: XINT7200 Drafting I

First class materials: One each of the following – 14" 30-60 STD triangle, 8" 45 Degree STD triangle, 12" triangle (Arch Hand Scale), H Mars-Lumograph pencil, 2H Mars-Luograph pencil, Sanford Tuff Stuff eraser, Sanford Tuff Stuff Eraser Refill (2-Pak), erasing shield, Ames Lettering Guide, Pocket Pal Template, 8 sheets of 24" x 36", 16lb. plain clearprt Vellum, 1 roll of Drafting Dots

XINT7017

Design Studio I

In this practical course, students work with architectural floor plans to create room designs, space plans, and color palettes. Students learn how to render furniture, accessories, and surface treatments, complete with shadows and light sources. Using one and two-point perspective students design rooms, allowing one to visualize the final space, as you would present it to a client. Also covers treatment with actual materials such as fabrics, tile, wood, brick, and granite.

Prerequisite: XINT7016 Perspective Drawing Techniques

First class materials: one black medium-tip Sharpie pen; warm gray markers in 2, 5, and 7 color strengths; one roll of 24" wide sketch tissue paper; sketch book

September 10 – November 12

Wed 7:00–10:00pm / 10 sessions / 6 students

Reg# 35264: \$395 Non-credit

Reg# 35265: \$430 Certificate Credit

Reg# 35266: \$1250 College Credit (1.0)

XINT7302

Lighting Design

LIGHTING DESIGN CERTIFICATE PROGRAM provides intensive study in lighting design for individuals who are beginning a new career, making a career change, or seeking to enhance their existing art or design skills in a related field. The program combines the theoretical study of lighting conditions and effects with the acquisition of technical skills about the design of lighting systems in both indoor and outdoor spaces. The program intends to prepare students to enter and be competitive in the field of Lighting Design (SOC 27-1025*) or to augment their current design practices and experience.

THE COURSE SEQUENCE

Prerequisite Courses:

Students must complete the following three courses prior to beginning the core courses, or *have equivalent* knowledge.

- XINT7200 Drafting I
- XINT7201 Drafting II
- XINT7205 AutoCAD for Interior Design

Core Courses [5]:

- XALI362 Lighting Fundamentals
- XALI364 Light, Health, and Global Responsibility
- XALI471 Advanced Lighting Design
- XALI472 Luminaire and Control Technologies
- XALI474 Lighting Internship

ESTIMATED PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (four terms) over a two-year period.

Certificate Application:	\$175
Tuition:	\$5,410 (\$3,840 without Prerequisites)
Fees:	\$156
Supplies & Books:	\$1,000
Total:	\$6,741 (\$5,171 without Prerequisites)

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

PREREQUISITE COURSES:

First class materials: One each of the following – 14" 30-60 STD triangle, 8" 45 Degree STD triangle, 12" triangle (Arch Hand Scale), H Mars-Lumograph pencil, 2H Mars-Luograph pencil, Sanford Tuff Stuff eraser, Sanford Tuff Stuff Eraser Refill (2-Pak), erasing shield, Ames Lettering Guide, Pocket Pal Template, 8 sheets of 24" x 36", 16lb. plain clearprt Vellum, 1 roll of Drafting Dots.

September 11 – November 13

Thur 7:00– 10:00pm / 10 sessions / 16 students

Reg# 35261: \$395 Non-credit

Reg# 35262: \$430 Certificate Credit

Reg# 35263: \$1250 College Credit (1.0)

Instructor: Staff

XINT7201

Lighting Fundamentals

The basic design and technical requirements of lighting systems are studied, with an emphasis on commercial and entertainment applications. Course takes place at Otis Annex. REGISTRATION DEADLINE: Friday, 8/29/14

Prerequisite: XINT7200 Drafting I & XINT7201 Drafting I, or ARLI250 Studio I, or equivalent experience

First class materials: Note-taking materials

September 9 – December 2

Tues 7:00–10:30pm / 13 sessions / 10 students

Reg# 35282: \$595 Non-credit

Reg# 35283: \$640 Certificate Credit

Reg# 35284: \$2500 College Credit (2.0)

(NOTE: this course qualifies for two electives for the Interior Design Certificate Program; Registration deadline: Friday, 8/29/14)

Instructor: Heather Libonati

XALI362

NEW!

Light, Health, and Global Responsibility

The use and effects of constructed lighting conditions and daylighting upon the planet and human activities, visual perception and health are introduced, researched and analyzed through projects. REGISTRATION DEADLINE: Friday, 8/29/14

Prerequisite: XINT7200 Drafting I & XINT7201 Drafting I, or ARLI250 Studio I, or equivalent experience

First class materials: Note-taking materials

September 11 – December 11 (no mtg. 11/27)

Thur 7:00–10:30pm / 13 sessions / 10 students

Reg# 35279: \$595 Non-credit

Reg# 35280: \$640 Certificate Credit

Reg# 35282: \$2500 College Credit (2.0)

(NOTE: this course qualifies for two electives for the Interior Design Certificate Program; Registration deadline: Friday, 8/29/14)

Instructor: Dawn Hollingsworth

XALI364

Lighting Internship

Students work under close supervision of the existing staff of a professional lighting design firm (Employer). Work includes the introduction to, observation and/or practice of professional activities, excluding clerical, as supervised and documented by the Employer, and that comply with US WHD Fact Sheet #71: Internship Programs Under the Fair Labor Standards Act, Test for Unpaid Interns. The duration of work must equal and may not exceed 90 hours. This course may be repeated for credit.

Prerequisite: ARLI471 / XALI471 Advanced Lighting Design, and confirmed internship appointment as arranged and/or approved by A/L/I Chair.

First class materials: TBD

Dates to be arranged

To be arranged / 6 sessions / limited enrollment

Reg# 35289: \$640 Certificate Credit

Reg# 35290: \$2500 College Credit (2.0)

(NOTE: this course qualifies for two electives for the Interior Design Certificate Program; Registration deadline: August 29, 2014)

Instructor: Linda Pollari

XALI469

Product Design

PRODUCT DESIGN CERTIFICATE PROGRAM is a sequence of 18 courses intended for individuals beginning a new career, augmenting an existing career, or seeking to enhance their existing art or design skills. The program is geared for the adult learner and is designed to meet professional industry standards. Study begins with the development of an understanding of foundational design theory and leads to a translation of that knowledge into practical product design requirements. Courses provide intensive, practical training leading to the development of a professional portfolio. The program is intended to prepare students for an entry-level position as a product designer (SOC 27-1021*).

THE 17 COURSE SEQUENCE

Foundation Courses [4]:

Students must complete the following four courses prior to beginning the core courses, or have equivalent knowledge.

- > Drawing and Composition
- > Introduction to Product Design
- > Fundamentals of 2-Dimensional Design
- > Introduction to Digital Design

Core Courses [12]:

- > Perspective Drawing
- > Product Design Studio I: Small Hardgoods
- > Fundamentals of 3-Dimensional Design
- > Introduction to 3D Digital Modeling
- > Visual Communication I
- > Product Design Studio II: Large Hardgoods
- > Intermediate 3D Digital Modeling
- > Sculpting and Quick Mock Up Construction Techniques I
- > Visual Communications II
- > Product Design Studio III: Softgoods
- > Advanced 3D Digital Modeling
- > Model Making: Advanced Materials and Construction Techniques II
- > Professional Practices: Design Your Future

Electives [1]:

Choose from listed electives.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (four terms) over a two-year period.

Certificate Application:	\$175
Tuition:	\$9,140
Fees:	\$351
Supplies & Books:	\$2,600
Total:	\$12,266

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

Drawing & Composition

This beginning course develops skills in the elements of drawing and composition. Through demonstration, class exercises, and critiques, students explore concepts including contour line, cross contour, modeling, uses of marks to show form and space, perspective, scale and measurement, and positive/negative space.

Prerequisite: None

First class materials for Adams: One box of Staedler Mars graphite pencils 9H or 9B; one roll of drafting tape or artists tape (low tack tape), 1/2" thick; one Staedler Mars white plastic eraser; one pencil sharpener; one Masonite drawing board with two clips and pink rubber band (large enough to hold an 18" x 24" sketch pad); one 18" x 24" Strathmore recycled drawing tablet (dark green cover) or Strathmore drawing tablet (brown cover)

First class materials for Jones: Drawing board; 18" x 24" sketchpad (Strathmore, Canson, Aqua-bee); 11" x 14" sketchbook; Charcoal pencils: hard (HB or B), medium (2B or 4B), soft (6B or 8B); Pastel pencils: Faber-Castell "PITT" or Stabilo "CarbOthello" pencils, NO Conte' pastel pencils; Pastel colors: dark sephia in PITT and one or two other dark earth-tones, blues, reds; Colored pencils: Faber-Castell "Polychromos" and Berol "Prismacolor" Colors: two or three in dark colors (black, reds, blues, etc.; Do not get watercolor versions of these pencils) Kneaded rubber eraser; Eraser shield; Razor blades; Small piece #100 sandpaper (3" x 4 "); Chamois; 18" x 2" "See-Thru Ruler" (plastic)

At Otis' New Mid-Wilshire Studio

September 7 – November 23

Sun 1:00–4:00pm / 12 sessions / 20 students

Location: 6124 Wilshire Blvd., Los Angeles, 90048

Reg# 35323: \$1250 College Credit (1.0)

Instructor: Ken Jones

XDWG1001

Introduction to Product Design

A course designed to build an understanding of the product design process used by professional designers around the world. Course explores major steps including research and analysis, concept generation, design development, engineering principles, material fundamentals, mechanical layout, ergonomic principles, 2D design sketching and rendering, 3D model making, and presentation techniques. In this course students design an original product, from initial concept to final design. Students are guided through the design process via weekly assignments and project reviews with emphasis on developing innovative and compelling design solutions. Students develop their skills in the areas of thinking and communication, problem solving, design language, design aesthetics, and the principles of sustainable design. Also covers drawing techniques, perspective, composition, and professional communication techniques.

Prerequisite: None

First class materials: TBD

September 9 – November 11

Tues 7:00–10:00pm / 10 sessions / 16 students

Reg# 35491: \$395 Non-credit

Reg# 35492: \$430 Certificate Credit

Reg# 35493: \$1250 College Credit (1.0)

Instructor: Michael Kollins

XPRD7501

Fundamentals of 2-Dimensional Design

This foundation-level course introduces design for the beginner through the application and understanding of 2-dimensional elements and principles. Course offers preparation for beginners and professionals in several design areas. Weekly achromatic (non-color) projects deal with fundamentals of line, space, directional movement, balance, value, texture, pattern, and monochromes. Confidence in hand skills is developed and a final project in the student's area of interest is required. Students gain exposure to a range of current and historical design forms. Class includes studio time, slide lectures, and critique.

Prerequisite: None (may be taken concurrently with XGRD1101 Color Theory & Design)

First class materials for Blake: 8 1/2" x 11" paper, 2H pencil, 2" x 18" clear plastic grid ruler, black chisel-point marker, micro fine-line black pen, pencil sharpener, eraser, Pentel brand fine-point white correction pen, 3M correction tape (1/4" or smaller)

First class materials for Osherow: Sketchbook, pencil, ruler, medium and broad point black felt markers

September 6 – November 22

Sat 10:00am–1:00pm / 12 sessions / 16 students

Reg# 35210: \$395 Non-credit

Reg# 35211: \$430 Certificate Credit

please call 310-665-6850.

Introduction to Digital Design

Learn the basics of computer operation for graphics applications. Instruction focuses on the Mac platform and introduces students to hierarchical structure, graphic interface, and various applications. Students are exposed to a wide array of digital graphics software applications including: Adobe Illustrator, Adobe Photoshop, QuarkXpress, Adobe InDesign, Adobe Flash, and Adobe Dreamweaver. (Please note: software varies depending on course emphasis.) This hands-on course is taught in the Otis computer lab, and includes additional lab time on a sign-up basis at no additional cost.

Prerequisite: XCMP9200 Basic Computer Operations or equivalent knowledge

First class materials for Godwin: USB Flash Drive; Please test functionality of disk before use.

First class materials for Marinaccio: USB Flash Drive; note-taking materials

(Emphasis: Web Design/Multimedia)

September 6 – November 8

Sat 1:00–4:00pm / 10 sessions / 16 students

Reg# 35121: \$675 Non-credit

Reg# 35122: \$710 Certificate Credit

Reg# 35123: \$1550 College Credit (1.0)

Reg# 35130: \$675 Non-credit

Reg# 35131: \$710 Certificate Credit

Reg# 35132: \$1550 College Credit (1.0)

Instructor: Kathleen Marinaccio

XDMA9011

Perspective Drawing

Developed during the Renaissance, perspective was as innovative then as the Internet is today. Perspective enabled artists to create the illusion of depth, volume, and three-dimensional space on a two-dimensional picture plane. Interior design is concerned with the creation of living, working, and hospitality environments. The spaces themselves, as well as their contents, needs to be rendered both two and three-dimensionally. This is accomplished through using grids, floor plans, and one-point and two-point perspective drawings. Floor plans help to illustrate a design concept. One-point and two-point perspective grids help bring the designer's vision into reality. In this hands-on course, students gather reference photos of furniture, accessories, and plants to fill their rooms, and render them in felt-tip markers. Students work in class every session – bring supplies to all class meetings.

Prerequisite: XDWG1001 Drawing & Composition

First class materials: 36" metal T-square, 30/60 14" plastic triangle, H, HB, and 2B drawing pencils (two each), drafting dots or masking tape, tracing paper roll (18" wide), 18" x 24" marker pad (Graphics 360), 10, 30, 50, 70, 90, & black felt-tip markers (cool gray), black Tombo brush tip pen, kneaded eraser, hard eraser

September 8 – November 10

Mon 7:00–10:00pm / 10 sessions / 16 students

Reg# 35294: \$395 Non-credit

Reg# 35295: \$430 Certificate Credit

XINT7607

NEW!

Product Design Studio I: Small Hardgoods

A course that focuses on understanding the design of small objects made from wood/metal/plastic or other hard materials. Utilizing the product design process, students design and fabricate prototype objects integrating various materials and processes. Course emphasizes portfolio quality work exhibiting process and execution. Students develop compelling products of their interest applying real world requirements solving relevant design problems. Design solutions address economic, sustainability, marketing and retail issues.

Prerequisites: None

First class materials: TBD

September 9 – November 11

Tues 7:00–10:00pm / 10 sessions / 16 students

Reg# 35494: \$675 Non-credit

Reg# 35495: \$710 Certificate Credit

Early Bird Discount

Otis Continuing Education offers a \$50 discount on most courses, for students enrolling on or before the Open House on August 17, 2014.

For more information, see page 92.

Textile/Surface Design

TEXTILE/SURFACE DESIGN CERTIFICATE PROGRAM is a sequence of eight courses designed to offer training in the technical and creative skills required to begin a career in the textile/surface design field as a colorist, repeat artist, designer, or stylist.

This comprehensive program of study has been designed to prepare students for an entry level position as a textile production artist (SOC 51-6099*) as it relates to areas of applied design including home furnishings, fashion apparel, wall coverings, floor coverings, decorative papers, and greeting cards.

THE 8 COURSE SEQUENCE

Prerequisite Courses [2]:

Students must complete the following two courses prior to beginning the core courses, or have equivalent knowledge.

- XGRD5012** Fundamentals of 2-Dimensional Design
- XGRD1101** Color Theory & Design

Core Courses [6]:

- XSRF4012** Textile/Surface Design IA
- XSRF4016** Textile/Surface Design IB
- XSRF4018** Textile/Surface Design IIA
- XSRF4020** Textile/Surface Design IIB
- XSRF4024** Textile/Surface Design IIIA
- XSRF4026** Textile/Surface Design IIIB

ESTIMATED PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (four terms) over a two-year period.

Certificate Application:	\$175
Tuition:	\$3,440
Fees:	\$156
Supplies & Books:	\$1,500
Total:	\$5,271

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

PREREQUISITE COURSES:

Color Theory & Design

An essential course for anyone pursuing or currently working in any art or design field who must communicate effectively with color. Confidence and skill are developed through weekly color-mixing exercises and homework projects using gouache. Through lecture, demonstration, critique, and practical experience, students investigate color theory, historical color comparison, color in nature, and analyze masterpiece color. Lectures include the phenomena of color and light and the use of color as a marketing tool.

Prerequisite: None (may be taken concurrently with XGRD5012 Fundamentals of 2-Dimensional Design)

First class materials for Blake: Notebook, 2" x 18" clear plastic grid ruler, 19" x 23" layout bond, 2H pencil, eraser, illustration board (15" x 20" Crescent cold press medium weight), 2 tapes: 1/2" low-tack drafting or graphics tape, 3/4" high-tack masking tape, one large size tube of permanent white gouache (Windsor Newton,) #6 Windsor Newton Sceptre gold round brush, 2 plastic water containers, large palette, compass (opens to 5" radius), eyedropper

First class materials for Case: Note-taking materials

CORE COURSES

Textile/Surface Design IA

A beginning studio course introducing the design of printed fabrics from initiation of the design to industrial requirement and limitations. This course covers materials and equipment, drawing, painting, transfer technique, research methods and printing processes. Instruction includes discussion and demonstration of the various methods of repeat processes used to create overall design pattern and color mixing and application. Through structured design problems, students execute finished textile design and croquis suitable for a portfolio.

Prerequisite: XGRD1101 Color Theory & Design, XGRD5012 Fundamentals of Two-Dimensional Design

First class materials: Roll brown parcel paper, black India ink, round #3 or #4 paint brush, flat #1 or #2 paint brush, metal ruler, clear grid ruler, roll Scotch tape, roll masking tape, sharp paring knife, two water jars, small welled cup palette, tracing paper roll or pad, Xacto knife, pencils, eraser.

September 6 – November 22

Sat 9:30am–12:30pm / 12 sessions / limited enrollment

Reg# 35297: \$395 Non-credit

Reg# 35298: \$430 Certificate Credit

Reg# 35299: \$1250 College Credit (1.0)

Instructor: Toxi Dixon

XSRF4012

Textile/Surface Design IB

This companion course to Textile/Surface Design I: Part A consists of a series of projects focusing on the creation of repeat patterns for various market groups in the textile industry. Students take a design concept and create a marketable group of repeat patterns for each project. Demonstration and discussion is provided on how to problem solve various artistic techniques. Students develop a body of work suitable for their portfolio.

Prerequisite: XGRD1101 Color Theory & Design, XGRD5012 Fundamentals of 2-Dimensional Design

First class materials: Notebook, one sheet of Canson paper (white), masking tape, Gouache (permanent white, ivory black, and three colors of your choice), #6 Winsor Newton Sceptre gold round brush, Winsor Newton 1" flat brush, ruling pen, 15" stainless steel ruler with cork backing.

September 6 – November 22

Sat 1:30–4:30pm / 12 sessions / limited enrollment

Reg# 35300: \$395 Non-credit

Reg# 35301: \$430 Certificate Credit

Reg# 35302: \$1250 College Credit (1.0)

Instructor: Michael Carroll

XSRF4016

Textile/Surface Design IIA

An intermediate studio course building on the fundamental mechanics of repeat surface pattern development in Textile/Surface Design IA. Students explore new materials and techniques including transparent dyes on mass paper, use of the ruling pen, and methods for obtaining more visual textures. Areas of specialized design such as turn around repeats, counter change, and turnovers are investigated. Projects such as hand printing on fabric familiarize students with actual printing methods.

Prerequisite: XSRF4012 Textile/Surface Design IA

First class materials: TBD

September 6 – November 22

Sat 9:30am–12:30pm / 12 sessions / limited enrollment

Reg# 35303: \$395 Non-credit

Reg# 35304: \$430 Certificate Credit

Reg# 35305: \$1250 College Credit (1.0)

Instructor: Toxi Dixon

XSRF4018

Textile/Surface Design IIB

This course expands utilization of natural forms and color studies begun in Textile/Surface Design IB. Color awareness, current color trends, and understanding specific needs of specific markets and products are emphasized. Historic research and study are approached as a method of using design and color from the past to create new looks for today's market. Intermediate level exercises develop drawing and color skills. Portfolio quality croquis and sketches are completed. Includes field trips.

Prerequisite: XSRF4016 Textile/Surface Design IB

First class materials: TBD

September 6 – November 22

*Sat 1:30–4:30pm / 12 sessions /
limited enrollment*

Reg# 35306: \$395 Non-credit

Reg# 35307: \$430 Certificate Credit

Reg# 35308: \$1250 College Credit (1.0)

Instructor: Michael Carroll

XSRF4020

Early Bird Discount

Otis Continuing Education offers a \$50 discount on most courses, for students enrolling on or before the Open House on August 17, 2014.

For more information, see page 92.

Textile/Surface Design IIIA

Students work on design problems of increased complexity and expand on their individual career goals. They develop a coordinated collection of design related to specific needs of an industry such as wall coverings, home furnishing textiles, and fashion textiles. Professional practices relate to the student's working portfolio, resumes, job-hunting, and interviewing, plus the necessary information needed to maintain a working studio.

Prerequisite: XSRF4018 Textile/Surface Design IIA

First class materials: TBD

September 6 – November 22

*Sat 9:30am–12:30pm / 12 sessions /
limited enrollment*

Reg# 35309: \$395 Non-credit

Reg# 35310: \$430 Certificate Credit

Reg# 35311: \$1250 College Credit (1.0)

Instructor: Toxi Dixon

XSRF4024

Textile/Surface Design IIIB

Students continue to develop drawing skills relating to natural forms and historical reference. Emphasis is placed on more imaginative uses and combinations of media and techniques including batik, overlays, airbrush, and textures. Current color trends for various industries are utilized in development of sketches/croquis.

Prerequisite: XSRF4020 Textile/Surface Design IIB

First class materials: TBD

September 6 – November 22

*Sat 1:30–4:30pm / 12 sessions /
limited enrollment*

Reg# 35312: \$395 Non-credit

Reg# 35313: \$430 Certificate Credit

Fine Arts Certificate Program

FINE ARTS CERTIFICATE PROGRAM is a sequence of eight courses intended to provide an introduction to the fundamentals of fine arts as a vehicle for creative self-expression. Taken together, these courses provide an overview of the concepts, language and skills of fine art practice. A strong emphasis is placed on enabling students to develop their personal artistic vision. That vision is facilitated by a close working relationship between faculty and students. This program is designed to prepare students as fine artists including painters, sculptors, and printmakers (SOC 27-1013*).

THE 8 COURSE SEQUENCE

The program includes the six core courses outlined below, plus two elective courses. Advisors are available to help students choose elective courses from the Continuing Education catalog. Additional courses are also available for students who wish to pursue their interests beyond the Certificate program.

Core Courses [6]:

- XARH1026** The Critical Eye: Understanding Art
- XGRD1101** Color Theory & Design
- XDWG1001** Drawing & Composition
- XPTG1128** Introduction to Painting
- XPHO2010** Introduction to Photography
- XSCP1609** Introduction to Sculpture

Elective Courses [2]:

Students may select one-unit courses from the Drawing, Painting, Printmaking, Sculpture, or Photography programs to fulfill elective credit.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (four terms) over a two-year period.

Certificate Application:	\$175
Tuition:	\$3,440
Fees:	\$156
Supplies & Books:	\$2,000
Total:	\$5,771

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

CORE COURSES:

Color Theory & Design

An essential course for anyone pursuing or currently working in any art or design field who must communicate effectively with color. Confidence and skill are developed through weekly color-mixing exercises and homework projects using gouache. Through lecture, demonstration, critique, and practical experience, students investigate color theory, historical color comparison, color in nature, and analyze masterpiece color. Lectures include the phenomena of color and light and the use of color as a marketing tool.

Prerequisite: None (may be taken concurrently with XGRD5012 Fundamentals of 2-Dimensional Design)

First class materials for Blake: Notebook, 2" x 18" clear plastic grid ruler, 19" x 23" layout bond, 2H pencil, eraser, illustration board (15" x 20" Crescent cold press medium weight), 2 tapes: 1/2" low-tack drafting or graphics tape, 3/4" high-tack masking tape, one large size tube of permanent white gouache (Windsor Newton,) #6 Windsor Newton Sceptre gold round brush, 2 plastic water containers, large palette, compass (opens to 5" radius,) eyedropper

First class materials for Case: Note-taking materials

September 6 – November 22

Instructor: Cole Case

XGRD1101

Drawing & Composition

This beginning course develops skills in the elements of drawing and composition. Through demonstration, class exercises, and critiques, students explore concepts including contour line, cross contour, modeling, uses of marks to show form and space, perspective, scale and measurement, and positive/negative space.

Prerequisite: None

First class materials for Adams: One box of Staedler Mars graphite pencils 9H or 9B; one roll of drafting tape or artists tape (low tack tape), 1/2" thick; one Staedler Mars white plastic eraser; one pencil sharpener; one Masonite drawing board with two clips and pink rubber band (large enough to hold an 18" x 24" sketch pad; one 18" x 24" Strathmore recycled drawing tablet (dark green cover) or Strathmore drawing tablet (brown cover)

First class materials for Jones: Drawing board; 18" x 24" sketchpad (Strathmore, Canson, Aquabee); 11" x 14" sketchbook; Charcoal pencils: hard (HB or B), medium (2B or 4B), soft (6B or 8B); Pastel pencils: Faber-Castell "PITT" or Stabilo "CarbOthello" pencils, NO Conte' pastel pencils; Pastel colors: dark sepia in PITT and one or two other dark earth-tones, blues, reds; Colored pencils: Faber-Castell "Polychromos" and Berol "Prismacolor" Colors: two or three in dark colors (black, reds, blues, etc.; Do not get watercolor versions of these pencils) Kneaded rubber eraser; Eraser shield; Razor blades; Small piece #100 sandpaper (3" x 4 "); Chamois; 18" x 2" "See-Thru Ruler" (plastic)

XDWG1001

Introduction to Painting: Materials & Techniques

An introduction to the basic skills and processes of rendering an image in paint. Students work with simple subject matter, including still life, reproduction, abstraction, and landscape. Emphasis is on craft with special attention given to the role of contrast in seeing, color as value, color mixing, paint as material, and the process of building the surface. Students use oil or acrylics. Course may be repeated.

Prerequisite: XDWG1001 Drawing and Composition or equivalent experience.

First class materials: 1 tube black oil paint, 1 tube white (Titanium) oil paint, 1 canvas board (16" x 20" or 11" x 14"), 1 can turpenoid or Gamsol, 1 flat oil painting bristle brush small (size 2 or 4), 1 flat oil bristle brush medium (size 6 or 8), 1 flat oil bristle brush large (size 10 or 12), paper towels, bar of soap

Instructor: Rude Calderon

XSCP1609

Introduction to Photography

Course covers the basics of black and white photography. Lectures, demonstrations, and assignments combine technical information with conceptual aspects of photography, and problem solving. Topics include using a 35 millimeter camera, black and white film choices, camera formats, lenses, ASA, aperture, depth of field, shutter speeds, lighting, composition, and other information relevant to photography. Students develop a vocabulary for "reading" images. Includes weekly assignments, individual and group critiques, slide lectures, and a final presentation of photographs. Includes two lab sessions.

Prerequisite: None

First class materials: TBD

Drawing

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

Drawing on the Right Side of the Brain

In this hands-on workshop students learn to draw with techniques based on the work of Betty Edwards, author of the renowned book, *Drawing on the Right Side of the Brain*. Course begins with an introduction to the theory of *Drawing on the Right Side of the Brain* and follows a step-by-step process specifically designed for individuals who have never drawn before. The fundamental premise is that anyone can learn to draw if provided with proper guidance. Students develop their perceptual skills (ability to see) through exercises focusing on contour line, positive/negative space, sighting, and light/shadow relationships. Combines lecture and studio exercises in a nurturing and supportive environment. Materials list provided at first meeting.

Prerequisite: None

First class materials: A 2B pencil

Large Scale Figure Drawing: Construction and Form Analysis

Learn to draw the human figure the Otis way...This drawing course focuses on drawing the oversized or life size human figure, constructing the form and capturing the gesture. This class will be divided into three major drawings with lectures on some anatomy given. The students learn methods of gesturing and measuring, designed to create a convincing structural illusion and transparent beauty of the human figure. The human figure is the most amazing machine ever designed. Gain power in your drawing by learning anatomy. Lectures and demonstrations are given on each major anatomical part of the human figure. Students do direct drawing in three week studies. Student draw with charcoal or Conte pencil. All work is done on 32" x 48" paper, or larger. At home studies are encouraged.

Prerequisite: Life Drawing or equivalent knowledge

First class materials: 18" x 24 newsprint pad, drawing board, 9" x 12" sketchbook, charcoal pencils (HB, 2B, 4B), kneaded eraser, retractable knife. Paper options for large drawings will be discussed on first day. Large boards will be provided.

XDWG1018

Drawing and Meditative Mindfulness

At Otis' New Mid-Wilshire Studio

Current research in neuroscience has demonstrated that meditative mindfulness practice can sharpen perception, creativity, and intuition, as well as increase attention and nonjudgmental awareness. This course for beginners and advanced alike, explores what drawing and mindfulness awareness meditation have in common. Both practices cultivate a state of mind where direct perception and the experience of the present moment are unfiltered by concepts and ideas. Through short exercises in mindfulness awareness practice and guided meditation sessions, students naturally develop the formal skills related to key elements of drawing. As a result, an understanding of composition, contour, gesture, value,

mark-making, perspective and color relationships is enhanced through the meditative mind. Each class includes instruction in mindfulness meditation and hands-on exercises in drawing from observation with discussions, demonstrations, and critical analysis. Course also explores a variety of drawing materials and subject matter.

XPTG1800

Fresco Painting: Past and Present

Students learn traditional techniques to produce fresco paintings on panel in a contemporary context. During this studio-based course, participants create fresco panels using buon fresco techniques. Buon fresco is a method of painting, which involves the application of pigments, finely ground in water or limewater, to a freshly plastered wall or panel. Students are shown methods of transferring designs to the fresco panel. The choice of appropriate 'dry pigment' and its preparation are discussed, along with other technical and artistic considerations, to develop a working knowledge

of the technique. Each student completes over four (TBD) fresco study tiles and panels. In addition Mezzo and Secco fresco methods and restoration and conservation techniques are discussed during the class. In mezzo fresco water based pigment is applied over semi-cured lime plaster ground. In fresco secco water-based pigment with an addition of a binder, is applied over fully cured plaster ground.

Encaustic: Paint and Collage in Wax

At Otis' New Mid-Wilshire Studio

Visual design and painting techniques such as color, composition, and form art taught through the medium of encaustic painting. Encaustic painting uses hot wax and is applied in layers to create landscapes, portraits, or abstract images. Students can paint and collage – combining papers, fabric, photographs, leaves, and found objects to make original and expressive work. Encaustic painting is completely unique, producing depth and luminosity that other mediums cannot achieve. Using the skills learned in this course, students enhance their ability to create imaginative work and to further tap into their creative abilities.

Printmaking

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

Silkscreen

This course introduces artists to screenprinting, one of the most versatile print mediums. Students gain a complete understanding of materials – from coating and exposing a screen, to registration, use of stencils, and mixing inks. Direct emulsion photo screens allow students to work from hand made, photographic, text oriented, or digitally produced image sources. Students work with a variety of applications including paper, fabric, plastic and wood. The course also covers historical and contemporary artists working with this medium.

Prerequisite: None

Introduction to Letterpress

In this course students are introduced to the basics of letterpress printing for the Vandercook proof press including hand typesetting, typography, composition, locking up, printing, and distribution. Students also create a multi-color reduction linoleum block project, which covers registration, printing, and color separation techniques. The Otis Lab Press is a fully functioning studio with four Vandercook proof presses and over 200 typefaces. Established in 1984 by Sheila de Brettville as part of the Communication Arts Department, the Lab Press has a rich history of small edition book publishing. Students actively participate and produce award-winning books that have become a permanent part of the university rare book collections throughout Southern California.

Prerequisite: None

Digital Letterpress

A studio course in letterpress printing with photopolymer plates held at the Otis Laboratory Press. This course covers all aspects of this revolutionary new process for the relief printing of digital imaging (digital-to-analog) – from digital prepress and plate processing to letterpress printing. Demonstrations include digital imaging requirements and font-editing, processing with the plate making machine, and presswork on the Vandercook flatbed cylinder press. Also covers related investigative and exploratory printing and typographic techniques. Previous experience with image-editing and page-layout software is required. Prior letterpress experience suggested.

Prerequisite: XGRD5705 Introduction to Letterpress or equivalent experience

First class materials: TBD

Sculpture

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

Introduction to Sculpture

Students explore sculptural expression through the use of traditional and non-traditional materials and methods from stone carving to mixed media. Course focuses on heightening visual awareness of line, shape, form, space, scale, texture, and surface quality.

Prerequisite: None

First class materials: Supply list provided at first class

September 11 – November 13

Thur 7:00–10:00pm / 10 sessions / 12 students

Welding/Metal Sculpture

Students receive instruction on the visual and physical properties of metal and various welding techniques and applications. Course focuses primarily on the use of steel for student projects. Emphasis is placed on maintaining a safe environment in which to weld. Covers welding procedures including gas, brazing, arc, MIG, TIG, and plasma cutting. Also covers shaping and fabricating tools and techniques. Students work on their own individual projects during class. Instructor guides students to create projects based on skill and equipment restrictions. Each student completes one welding project.

Prerequisite: None

First class materials: First class period is a lecture with no hands-on practice. Further discussion, handouts and materials list will be provided. Students supply all metals and materials for individual projects; some practice metals will be supplied by instructor.

September 6 – November 22

Ceramics

Introduction to Ceramics Production

Early Start Class

With emphasis on functional ceramics, students are introduced to two-piece plaster mold making, slip casting, hump and slump molds, extrusion, potter's wheel, and low fire non-toxic glazes. By the end of the course, students produce a cup, bowl, plate, and vase. Lab hours: Thursday, 5:00-7:00pm.

Prerequisite: None

Furniture & Woodworking

Machine Woodworking

Students are introduced to the basics of tool usage, wood joinery, and safe woodworking practices. Through lectures and hands-on training, students design and construct objects of their choice using the techniques of furniture making. Course topics include selecting and milling lumber, five basic wood joints, glues, Japanese and European hand tools, fasteners and finishing. Advanced students are invited to use wood lamination and carving techniques for their projects. Students must pass a safety test to use the woodworking shop.

Prerequisite: None

First class materials: Students should bring a rigid tape measure and materials for drawing and note taking to every class. Class materials provided by student, cost of materials not included. Cost of project vary depending on student's design.

Jewelry Design

Jewelry Design: Bead Stringing, Knotting, and Wire Wrapping*

At the Elaine & Bram Goldsmith Campus

During this eight-week course, students design and create their own jewelry. Basic bead stringing and wire wrapping methods are demonstrated step by step. Course covers stringing, knotting, wire wrapping, French wire, and finishing techniques. Projects include a variety of styles of necklaces, bracelets and earrings – from single and multi-strand beaded necklaces with different endings to wire wrapped bead and chain necklaces, bracelets, and earrings.

Prerequisite: None

First class materials: One size 3 nylon or silk bead cord with needle attachment; 2 small clam shells; 1 small clasp; 1 6mm to 8mm solid (not cut) jump ring; 2 earring wires; 2 head pins; Beads: 1 strand of 3mm to 5mm beads of your choice; chain nose pliers; needle nose pliers; round nose pliers; thread cutter; wire cutter; tube of cement; knotting tweezers; measuring tape; masking tape; pin vise; bead board (optional). Estimated cost of supplies is approximately \$100 (cost of beads and metal varies depending on student's selection).

XJWL3009

Introduction to Fine Silver Metal Clay*

At the Skirball Cultural Center

Ancient jewelry making techniques converge with new millennium technology through Precious Metal Clay. Fine silver particles suspended in an organic binder and water form a wonderfully malleable material that can be formed like earthen clay. When fired in a kiln it fuses or “sinters” together to become a .999, pure silver object. In this intensive workshop, students begin to master PMC as they learn how to texture, set gems, roll coils, form custom bails, re-hydrate dry material, and safely use a butane torch to fire creations made at home. Students create an original pair of earring drops and pendant. Course covers various finishing methods including wire brushing, burnishing, and patinas.

Prerequisite: None

First class materials: \$65 materials fee payable to instructor at class meeting includes one package of PMC™ and a faceted lab grown gemstone. Syringe, paste and paper clay are also available for use and a loaner kit is provided. Additional supplies may be purchased as desired. Bring sack lunch, water, and eye magnification.

Precious Metal Clay Techniques*

At Otis' Elaine & Bram Goldsmith Campus

Enrich your jewelry design experience with Precious Metal Clay. This wonderfully malleable material, consisting of fine silver particles suspended in an organic binder and water, can be formed like earthen clay. When fired in a kiln it fuses or “sinters” together to become a .999 pure silver object. In this course students explore PMC techniques while making bead caps and cones, setting lab-grown gemstones and dichroic glass cabachons, creating hollow beads, and moldmaking. Due to time restraints, pieces completed in class will be fired at the instructor's studio and returned for finishing by the student.

Prerequisite: None (Recommended: XJWL3018 Introduction to Precious Metal Clay)

First class materials: \$200 materials fee payable to instructor in two parts, \$100 at first class meeting and \$100 at 4th class meeting; includes PMC™ and faceted lab grown gemstones, dichroic glass, ceramic shard, bisque bead, and other materials necessary for completing all projects. Syringe, paste and paper clay are also available for use and a loaner tool kit is provided. Additional clay products may be purchased as desired. Bring snack, water, and eye magnification.

Photography

PHOTOGRAPHY CERTIFICATE PROGRAM is a sequence of 10 courses designed to offer training in the technical and creative skills necessary to enter commercial and fine art photography as a photographer (SOC 27-4021*) Entry-level positions, such as an assistant in the studio, gallery, or academic environment are also possible after completing the program. Students are also prepared to start freelance work with the knowledge of cameras, lighting, aesthetics, printing, editing, promotion, and presentation formats needed for their specialized area of photography.

THE 10 COURSE SEQUENCE

The Certificate Program requires five core courses, plus five elective courses. Advisors are available to help students choose elective courses. For further information, or to speak with a counselor, please call 310-665-6850.

Core Courses [5]:

- XPHO2010** Introduction to Photography
- XPHO2012** Introduction to Black & White Darkroom
- XPHO2500** Lighting Techniques
- XPHO2060** Introduction to Color Photography
- XPHO2004** Intermediate Photography

Electives [5]:

See electives below. For further information about the Certificate Program, or to speak with a counselor, please call 310-665-6850.

ESTIMATED TOTAL PROGRAM COST

The estimated program costs listed below are based on students completing two courses per term (four terms) over a two-year period.

Certificate Application:	\$175
Tuition:	\$4,580
Fees:	\$195
Lab Fees:	\$315
Supplies & Books:	\$2,300
Total:	\$7,565

Note: Certificate program courses are open to all students. Students, interested in taking certificate program courses for professional growth or personal development, are welcome to attend.

For further information, or to speak with a counselor, please call 310-665-6850.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

CORE COURSES:

Introduction to Photography

Black and white photography is a critical building block for any photographer or artist who would like to develop an understanding of and use color and digital photography. This hands-on photography course combines technical information with conceptual skills. Topics include using a 35mm camera, black and white film choices, camera formats, lenses, ASA, aperture, light meters, depth of field, and shutter speeds. Also covers how to compose an image and shoot in natural and ambient light sources to create great everyday photographs. Students develop a vocabulary for "reading" and evaluating images. Course includes assignments, demonstrations, an in class shoot, individual and group critiques, lab/darkroom sessions, midterm, and final presentations of photographs.

Prerequisite: None

First class materials: Students must have a 35mm camera that can be used manually or a camera that is both manual and automatic.

September 6 – November 8

Sat 1:00–4:00pm / 10 sessions / 14 students

Reg# 35374: \$395 Non-credit

Reg# 35375: \$430 Certificate Credit

Reg# 35376: \$1250 College Credit (1.0)

(\$35 lab fee payable upon registration)

Instructor: Laura London

XPHO2010

Introduction to the Black & White Darkroom

Instruction covers basic black and white darkroom equipment and processes. Students develop 35mm film and make black and white prints using various papers. Among the techniques demonstrated are cropping, burning and dodging, contrast control, print format, and spotting. Discussions cover film choices, darkroom safety, archival processes, and the creative aspects of black/white darkroom controls leading to enhanced personal expression. Although some basic 35mm camera experience is recommended, both beginning and advanced students who wish to learn basic darkroom skills may enroll.

Prerequisite: XPHO2010 Introduction to Photography

First class materials: One package of 8" x 10" RC (Resin Coated) Photographic Paper. Supply list of additional materials provided at the first class meeting.

September 8 – November 10

Mon 7:00–10:00pm / 10 sessions / 14 students

Reg# 35377: \$395 Non-credit

Reg# 35378: \$430 Certificate Credit

Reg# 35379: \$1250 College Credit (1.0)

(\$35 lab fee payable upon registration)

Instructor: Patrick Miller

XPHO2012

Introduction to Color Photography

In this course students investigate color aesthetics and techniques, learning how to make photographs that have strong color, composition, and impact. Topics include camera exposure, using color negative and transparency films, lighting situations, lab quality control, contact sheets, and color printing. Demonstrations and discussion include darkroom techniques such as color correcting, print exposure, print manipulation,

and the use of instant and alternative color materials. One-on-one critiques encourage students to establish a foundation for the expression of a personal vision.

Prerequisite: Basic camera and darkroom skills.

First class materials: TBD

Reg# 35382: \$1250 College Credit (1.0)

(\$35 Lab fee payable upon registration)

Instructor: Ginger Van Hook

XPHO2060

Lighting Techniques

Understanding how light interacts with your subject is as important as understanding how to use your camera. In this hands-on course students are introduced to the technical and aesthetic concerns of both natural (outdoor) and studio (strobe) lighting. Course covers lighting techniques including use of light meters, reflectors, fill flash, soft boxes, and the safe operation of strobe equipment. Students photograph a variety of subjects (people and products) to understand how lighting problems and solutions are inherent in each. Course is held in the Otis Lighting Studio. Students should bring samples of work to first class meeting.

Prerequisite: XPHO2010 Introduction to Photography or equivalent knowledge. Students must have working knowledge of traditional/digital manual camera functions.

First class materials: Digital cameras required for all class instruction. Film cameras may be used with the approval of Instructor.

September 10 – November 12

Wed 7:00–10:00pm / 10 sessions / 12 students

Reg# 35386: \$395 Non-credit

Instructor: David Callichio

XPHO2500

Digital Photography

This course is designed for the intermediate or advanced photography student. Using new technology, students work in traditional themes

of still life, portraiture, and documentation. The course covers how to use your digital camera and develop a full in-depth understanding of Adobe Photoshop. Students use the computer to edit, manipulate, and enhance their images. Focuses on working with RAW image files, color space, advance exposure settings, white balance, and camera capture. Using Photoshop, students explore color management, workflow, color correction, creating actions, retouching, and compositing. A must for those who want to explore the exciting world of Digital Photography.

Prerequisite: Basic knowledge of a computer, XPHO2010 Introduction to Photography, and XDMA9009 Digital Imaging I

First class materials: Students may bring their camera and note-taking materials

September 11 – November 13

Thur 7:00–10:00pm / 10 sessions / 14 students

ELECTIVES:

Street Photography

The 2011 exhibition *Art in The Streets* at The Geffen Contemporary in downtown Los Angeles drew record crowds and confirmed the influence of the urban environment on the way we look and see. Photography has played a vital role in the development of this influence. The tradition of street photography emerged early in the twentieth century with modernist masters Henri Cartier-Bresson and Alfred Stieglitz, and expanded with contributions by Weegee, Robert Frank, and Lee Friedlander, among others. Join Otis Chair Emeritis, Ave Pildas on an exploration of the streets and sites of Southern California. Capture the moment. Discover what, when, where and how to shoot photographs on the street. Learn the etiquette of street photography, the do's and don'ts of shooting, and your rights as a photographer. Acquaint yourself with equipment and techniques. Course focuses on subject matter, composition, and developing your own personal style. We shoot as a group in historic locations like downtown Los Angeles, Venice Beach and Hollywood Boulevard. In the classroom, we will look at examples of successful street photography and critique the photographs that result from our shoots.

OTHER COURSES OF INTEREST:

NEW!

Urban Noir: Night Photography in Los Angeles*

At the Skirball Cultural Center

Join renowned photographer, Helen K. Garber for a course on night photography, coinciding with two exhibitions entitled, *Light & Noir: Exiles and Émigrés in Hollywood, 1933-1950*, as well as *The Noir Effect*. Course begins at the Skirball for a walkthrough of the exhibition with curators, Doris Berger and Linde Lehtinen, and an introductory meeting to prepare students for the shoot. Following meetings consist of night location shoots, as well as a final critique. Night photography locations include the world famous Santa Monica Pier (sanctioned by the Santa Monica Pier Restoration Corporation), Venice, and the Skirball itself. The second session meets late in the day, in the private quarters of the Pier Restoration Corporation, the old apartments above the landmark Carousel. After a preliminary discussion and a tour with your instructor to point out the best vantage points, students evaluate the available light, to be ready to shoot by sunset. Shooting continues through dusk and nightfall. The next two meetings follow a similar plan, while the final meeting takes place back at the Skirball for a critique of the students' best work.

Prerequisite: Students are expected to understand how to use their camera, including ISO, speed, and aperture settings.

First class materials: Note-taking materials. Film cameras are acceptable for the shoot, with t-max 400 or 3200 film, but digital cameras are recommended. A mini Tripod or tripod is mandatory for shooting at the pier.

October 29 – December 10 (no mtg. 11/26; 11/5

class meets from 4-9pm on site at the SM Pier)

Portfolio Development and College Preparation

Portfolio Development and College Preparation courses are designed for students interested in developing their artistic skills. Programs are taught by practicing professional artists, many of whom are Otis BFA faculty. Courses focus on skill-building, provide in-depth exploration of art materials and techniques, and encourage creative self-expression. Building a strong portfolio is essential for admission to Otis and other colleges of art and design. All courses are geared towards portfolio development to support application to Otis and other colleges of art and design.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus.

College Preparation: Observational Drawing*

In this course, students draw from observation and develop perceptual and pictorial skills. Instruction covers drawing techniques and fundamental design principles. Students develop their creative and aesthetic sensibilities, establishing a foundation for all visual art pursuits. Assignments are geared towards portfolio requirements. Advice and direction is available for those students preparing a portfolio for art college admissions. Includes a guest lecture by a counselor from Otis' Admissions Office who offers information on college requirements.

Prerequisite: None

First class materials: 18" x 24" drawing board, 18" x 24" drawing pad (no newsprint, no bond paper), HB, 2B, and 4B drawing pencils, 2B and 4B charcoal pencils, 1 kneaded eraser, 1 Mars white eraser.

College Preparation: Advanced Drawing / Introduction to the Figure*

This course further develops skills of observation, spatial analysis, and compositional organization. Traditional and experimental drawing activities allow the student to develop their problem solving skills by exploring conceptual challenges in a variety of media. A portion of the class meetings are devoted to figure drawing from a live nude model. Proportion and structure as well as gesture and expressive qualities of the figure are introduced. Advice and direction is available for those students preparing a portfolio for art college admissions. Includes a guest lecture by a counselor from Otis' Admissions Office who offers information on college requirements.

Prerequisite: Basic Drawing or equivalent experience

First class materials: 18" x 24" drawing board, 18" x 24" white bond paper pad, 18" x 24" newsprint pad, 2 charcoal pencils soft or ex-soft, 1 kneaded eraser, 1 white eraser, 1 X-acto knife, 24 color box of oil pastels (no soft or chalk pastels), 2 sheets of Canson Mi-Teintes brand felt grey or steel grey colored paper.

NEW!

Portfolio Preparation – Photography*

A strong portfolio is essential for students planning to pursue a career in photography. During this course, students create 10-20 photographs as they learn how to develop a professional fine art photographic portfolio. Working one-on-one with the instructor, students develop the skills needed to create and edit a portfolio and learn to write and speak clearly about his or her work. An important part of the college application process, students work on their portfolios and receive counseling on artwork presentation. Course also covers preparation for group and solo shows and how to apply for artist opportunities.

Prerequisite: Photography experience preferred, but not required

First class materials: Camera, pen and paper or laptop for taking notes, and 3-5 pieces of previous photography artwork. For beginning students, bring 3-5 examples of photography you admire.

September 6 – November 8

Sat 9:30am–12:30pm / 10 sessions / 20 students

Reg# 35461: \$285 Non-credit

Instructor: Laura London

XPPF1172

College Preparation: Life Drawing and Painting*

This course focuses on drawing and painting the human figure. Emphasis is placed on understanding and conceptualizing the body as form in space, while considering the figure as an element of composition. Using traditional drawing materials, volumetric drawing serves as the foundation for further study. Students explore painting techniques and concepts through the use of acrylic paint.

Prerequisite: Basic Drawing or equivalent experience

First class materials: Smooth newsprint and/or bond paper (18" x 24"); 18" x 24" drawing board. Assorted pencils: soft charcoal, "carbon", dark pastel, dark colored pencils (Prismacolor or Poly-Chromos). "Soft" compressed charcoal sticks; Nupastel stick (earth tone). Assorted blending "stumps" and tortillons; kneaded rubber eraser; razor blades or retractable razor knife; 1 piece #100 grit sandpaper; chamois. Materials list for painting supplies will be distributed at first meeting.

September 7 – November 9

Sun 9:00am–12:00pm / 10 sessions / 20 students

Young Artist Workshops

Young Artists Workshops are designed to give children and teens an equal measure of traditional art skills and spontaneous creative experiences. Children's courses introduce the elements and principles of art (line, tone, perspective, color, composition) while encouraging personal expression and exploration. Teen courses provide in-depth exploration of art materials and techniques, while further examining creative ideas through class discussions. The goal is to build self-confidence and have fun.

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus, unless otherwise noted.

WEEKLY COURSES FOR YOUNG ARTISTS:

Leonardo's Apprentice: Ages 5-8*

When Leonardo da Vinci was young, he apprenticed with an older more experienced artist to learn the art trade. This early art experience introduced Leonardo to various materials and techniques: grinding and mixing pigments, learning geometry, mixing of colors, preparing panels, working of clay, and the actual act of painting itself. Using the old and modern masters as inspiration, students learn the fundamental techniques and principles of drawing and painting. In this course young apprentices are introduced to basic art concepts including use of color, line, shape, texture, and composition, while learning a range of technical methods used by the masters themselves. Students learn to use various drawing and painting materials in a nurturing atmosphere, which stresses experimentation and exploration. The course is designed to heighten sensory awareness and build self-confidence in fundamental art making skills.

First class materials: \$35 lab fee payable to the instructor for supplies.

Drawing on the Right Side of the Brain – A Children's Course: Ages 9-12*

This beginning course in drawing is designed especially for children, ages 9-12. It is based upon the method developed by Dr. Betty Edwards and described in her book, *Drawing on the Right Side of the Brain*. In this course children learn the perceptual skills necessary for realistic drawing, which include the perception of edge, space, angles, proportion, light, and shadow. Course combines brief lectures and studio exercises, which guide the students through the systematic learning process. In eight weeks, students advance from symbolic images to actually drawing what they see.

First class materials: \$10 lab fee payable to the instructor for supplies.

September 10 – October 29

Wed 4:00–6:00pm / 8 sessions / 15 students

Reg# 35407: \$175 Non-credit

NEW!

Artists, Inventors, Makers of the Future: Ages 9-12*

At Otis' New Mid-Wilshire Studio

Design the future, learn about new urban architecture in Los Angeles, and get inspired by this city's historical buildings. In this course, you'll invent a new mode of transportation, a park in the sky, or even a zero-carbon school house. Build your ideas out of basic materials such as cardboard, recyclables, and found objects. This course is an art inventor intensive, for the creative kids of today.

First class materials: \$35 lab fee payable to the instructor for supplies.

September 11 – October 30

Thur 4:00–6:00pm / 8 sessions / 15 students

Reg# 35469: \$175 Non-credit

Instructor: Julianna Ostrovsky

XCHL8056

Drawing Manga: Ages 12-17*

Do you love watching anime? Do you love reading Japanese comic books? Want to create your own series? Over this 8-week course, you learn the steps of making a cool mini-Manga and tips on what makes a Manga different from all other comic books in the world. Students expand their drawing skills with a range of Manga-like facial expressions, figure drawing, and creative costumes. Also covers scriptwriting, visual storytelling, and presentation.

First class materials: 8.5" x 11" paper or larger (recommended: white office cardstock 110 pound weight), 24 count colored pencils, clear ruler with grid, and #2 pencils.

September 6 – October 25

Sat 10:00am–12:00pm / 8 sessions / 15 students

Reg# 35408: \$175 Non-credit

Instructor: Sylvia Leung

XCHL8008

Painting Projects: Ages 9-12*

In this course, students learn to paint while exploring a variety of mediums and painting genres from around the world. Basic vocabulary and skill-building techniques are taught, as well as the exploration and experimentation with non-traditional materials. Students look at five examples of painting from five different locations to further their knowledge of painting techniques and art history.

First class materials: \$35 lab fee payable to the instructor for supplies.

September 6 – October 25

Sat 10:00am–12:00pm / 8 sessions / 15 students

Reg# 35409: \$175 Non-credit

Instructor: Julianna Ostrovsky

XCHL8031

Introduction to 2D Animation: Ages 12-17*

If you love manga, anime, cartoons, and animated films, this class is tailored for you. Learn the 12 principles of animation and utilize them via Flash and Adobe Cloud to create engaging 2D animated videos and experiments. In this class students begin with the basic bouncing ball, which evolves to create a character driven 2D animated final project. During the duration of class, students have the opportunity to view and analyze a variety of animated films and videos to aid in studying technique and developing animation projects. This is a fun class where everyone can create great works of 2D animation.

First class materials: 9" x 12" Drawing pad, set of graphite pencils (Faber Castell 9000 Design Pencil Tin Set or any comparable brand), eraser, set of colored pencils (Sargent Art 22-7224 24 Count Assorted Colored Pencils or any comparable brand), set of assorted color pens (Pentel color pen set, 36 assorted colors or any comparable brand), USB Drive Preferably 16GB, *Cartoon Animation* by Preston Blair.

September 7 – October 26

Sun 1:00–4:00pm / 8 sessions / 15 students

To register, please call 310-665-6950.

Writing

All courses take place at Otis College of Art and Design's Elaine & Bram Goldsmith Campus.

Autobiography, Memoir, or Fiction

At the Skirball Cultural Center

From personal life experiences, students uncover material for an autobiographical memoir or piece of fiction. Like contemporary art, which breaks down the boundaries between art and life, this writing course allows students to move between the worlds of fiction and non-fiction. From readings and workshop discussions students generate ideas and learn the craft of writing. Course explores the letter, the personal essay, and philosophy; mining raw material, life experiences, and memory; the art of short fiction. Also covers transforming raw material; writing about family and friends; truth and integrity; inventing and re-inventing from memory; maintaining perspective; point of view; hybrid forms; rendering characters: creating dossiers; listening to dialogue; voice: yours...strengthened; description: sensory detail and other strategies; research, information, and publishing questions. This dynamic course focuses on finding each individual's story and voice. Finished works may be a personal essay, a short story, a novella or chapters of a memoir or novel.

Prerequisite: None

Writing Children's Books

At Otis' New Mid-Wilshire Studio

The children's book "market" has expanded and contracted several times since the early 1990's, becoming a booming industry, driven by various trends and marketing strategies. It may seem daunting, but publishers are continually looking for new talent. This course explores writing for a variety of children's genres, from picture books, easy-to-reads, chapter books, novels, and non-fiction. Course explores the art of storytelling and how characterization, theme, plot development, dialogue, and point of view create unique and interesting stories. Examines the latest trends in the children's book marketplace, the importance of the editing process, how your manuscript is handled by illustrators, and how to submit your manuscripts to editors. Also, covers various forms of fiction (folk and fairy tales, realism and humor, contemporary issues faced by today's young readers) and non-fiction (biography, how-to/craft/puzzle, and educational materials, not forgetting class projects!). This course can be taken concurrently with Illustrating Children's Books.

Prerequisites: None

INSTRUCTOR BIOGRAPHIES

Lisa Adams, MFA, Claremont Graduate University; BA, Scripps College. Ms. Adams is a painter and public artist. She is the recipient of a Fulbright Professional Scholar Award, a Brody Arts Fund Fellowship, and a Durfee ARC Grant. Her work is in the collections of Eli Broad, The Edward Albee Foundation, The Frederick Weisman Museum, and the Laguna Museum of Art. She has taught throughout the Los Angeles area and abroad, including the University of Southern California and the Claremont Graduate University. Recently her work has been included in exhibitions at the Riverside Art Museum, the Torrance Art Museum, and at the Red Dot Art Fair (New York City). Her work is represented by Lawrence Asher Gallery (Los Angeles) and Michael Rosenthal Gallery (San Francisco).

Eugene Ahn, MA in Humanities, Pacifica Graduate Institute; BA in English, University of California, Los Angeles. Mr. Ahn is an artist, photographer, and web designer.

Ruth Ann Anderson, MFA, California State University, Long Beach. Ms. Anderson is visual artist and designer who authored the text: *Exploring the Art & Technology of Web Design* (Delmar Learning). She is the owner/Proprietor of Moonlight Designs, a full service design firm with clients including DisneyABC.com, LA411 Print and Online Advertising, and UCLA Physicians Forum.

iLia Anossov is considered a master of the art of fresco painting. His work includes large and small fresco paintings, conceptual fresco installations, fresco objects, sculptures and fresco stacks. Mr. Anossov was born in Moscow, attended official art schools, and explored various media including cinematography, architecture and visual arts. However his true education came through classic-style apprenticeships to master artists, between 1983 and 1996, he served three 4-year long apprenticeships in Russia and United States. His work has been widely exhibited in Russia, Europe, and the United States including seven museum exhibitions and over 50 international solo and group exhibitions. Commissions include large-scale frescoes and murals in private homes as well as public areas. His internationally featured Malibu Fresco project appeared on the covers of premier magazines including *Architectural Digest* (AD) USA, AD Germany, AD Italy, *House & Garden* UK.

Andrew Armstrong, MFA in Fine Arts; BFA in Sculpture, Otis College of Art and Design. Mr. Armstrong is the Director of Technical Support Services at Otis. His work has been exhibited in many Southern California venues. He has also served as a consultant and fabricator for notable Los Angeles based artists, designers, and institutions.

S.A. Bachman, MFA, Tyler School of Art, Temple University; BFA in Fine Art and Sociology, Arizona State University. Ms. Bachman is a photographer and co-founder of the artist-activist collaborative THINK AGAIN. She has exhibited at Museu d' Art Contemporani de Barcelona, Spain; Track16 Gallery, Santa Monica, CA; Exit Art, New York, NY; Alternative Museum, New York, NY; Rose Art Museum, Waltham, MA; and Grey Art Gallery, New York, NY. She is the recipient of grants including NEA, Massachusetts Cultural Council, LEF Foundation, New England Foundation for the Arts. Her works have been published in *Artforum*, *Reframings*; *New American Fem-*

inist Photographies, *Graphic Agitation 2*, *Peace Signs: The Anti-War Movement Illustrated* and a monograph entitled, *A Brief History of Outrage*. She has been teaching part-time in Liberal Arts and Sciences at Otis since Spring 2010.

Pam Banks, BA in Fashion Design, University of Cincinnati. Ms. Banks is a former Designer/Patternmaker for Miss Elliette, Inc., and Chez California, Inc.

Molly Barnes is a New York and Los Angeles art gallery owner and radio personality who discovered John Baldessari, Gronk, Mark Kostabi, Robert Cottingham, and many others.

Beverly Bledsoe, BFA, Cleveland Institute of Art, MFA, Cranbrook. Her collages, assemblages, paintings, sculpture, prints, and drawings reflect an introspective view of humanity. Ms. Bledsoe has been the recipient of the U.S. American Center, Helsinki, Finland; Merit Award, 21st Bradley National Printmaking Show, Illinois. In addition, Ms. Bledsoe teaches Life Drawing in Otis' Foundation Program.

Anne M. Bray, BFA in Fashion Design, Otis College of Art and Design. Ms. Bray is a former award-winning Fashion Doll designer for Mattel Toys. She is a fine artist represented by The Artists' Gallery, Santa Monica. www.annembray.com

Kimberly Brooks, Founder/Creative Director of Lightray Productions. Lightray Productions is a successful Web Development firm in the Los Angeles area, with a roster of high profile clients including Warner Music Group, Disney, AOL, Apple, NASA and the LAPD [www.lightray.com].

Rude Calderon is an exhibiting fine artist specializing in stone and mixed media sculpture. His work has been exhibited internationally in *Hispanic Works on Paper*, LACMA; *IV International Festival of Snow and Ice Sculpture* (Russia); a one-man exhibition at Occidental College; and *Natural Forces in LA Sculpture*, Barnsdall Art Park. Mr. Calderon is also a past member of the Streetscapers, an L.A. based mural group.

David Calicchio, BFA in Photography, Otis College of Art and Design. Mr. Calicchio is currently Photographer for BCBG Max Azria. Mr. Calicchio's work has been exhibited locally at Postartum, (Long Beach, CA), South La Brea Gallery (L.A.) and internationally at Sandberg 2 (Hooran, Netherlands).

Michael Carroll, BFA in Textile Surface Design, Otis College of Art and Design. Mr. Carroll is currently working as a Computer Production Artist for printed textiles for apparel and home furnishings.

Cole Case, BFA in Fine Art, Art Center College of Design. Mr. Case is a visual artist whose work has been exhibited at Western Project (Culver City), Howard House Contemporary Art (Seattle), and Luckman Gallery, California State University, Los Angeles.

Rebecca Chamlee is a book artist, graphic designer, printer, writer and bookbinder and has published innovatively designed, letterpress printed, hand-bound limited-edition fine press and artist's books under the imprint of Pie In The Sky Press since 1986. Her work is

in prominent special and private collections throughout the U.S. and has been exhibited widely. Chamlee is affiliated with the Fine Press Book Association, The Book Club of California, The Guild of Bookworkers, Hand Bookbinders of California, Pacific Center for the Book Arts, Ladies of Letterpress and the American Printing History Association.

Laddie John Dill, BFA in Fine Arts, Chouinard Art Institute (California Institute of the Arts). Mr. Dill's exhibitions include galleries and museums from such venues as Seoul, Paris, Nogoya, Helsinki, New York, Kansas City, Seattle, and throughout California. He is the recipient of two National Endowment for the Art grants and a Guggenheim Fellowship.

Toxi Dixon, BFA in Fine Art, California Institute of the Arts. Ms. Dixon has dedicated over 20 years of practice as a textile designer in Los Angeles and New York. Her design have been featured in a wide range of consumer markets including Victoria's Secret, Quicksilver, Target, Macy's, Talbots, and Juicy Couture.

Jennifer Doublet, MArch, SCI-Arc; MA in Decorative Arts, Christie's Fine Arts Program, London, UK; BA in Art History, Stanford University. Ms. Doublet has over ten years of experience in architectural design, project management, materials research, document production, and construction administration. Prior to working in the architectural field she served as an arts administrator for museums, art galleries, and non-profit arts organizations.

Roni Feldman, MFA in Painting, Claremont Graduate University; BA in Creative Studies/Art History, University of California, Santa Barbara. Mr. Feldman is a visual artist whose work has been exhibited at L2 Kontemporary (Los Angeles), Wilson Street Gallery (Australia), and Toomey-Tourell Fine Art (San Francisco).

Jeanie Frias, BFA, Otis College of Art and Design. Ms. Frias has taught painting, drawing, and college preparation courses for over 15 years. Ms. Frias has exhibited throughout the Los Angeles area. She has taught for UCLA, Occidental College, as well as private and home school groups. As a former admissions counselor for Otis, Ms. Frias has extensive knowledge and understanding of portfolio requirements for art school admissions. She specializes in mentoring young artists towards their goal of successful application the art college of their choice.

Martha Fuller, MFA, MA, is a fine artist, writer, and instructor of numerous courses in creative writing, literature, bookmaking, contemporary art history, visual art and photography. She is a creative consultant for visual and literary projects, a book "whisperer" and editor. She has exhibited her fine art photography and artist's books nationally. Her images, articles, and reviews appear in both art and literary publications. With dual degrees in Contemporary Fine Art and English she synthesizes word and image, fact and fiction, art and life. Students in her classes have published their writing and/or exhibited their work.

Moshé L. Godwin, BFA in Illustration, Art Center College of Design. Mr. Godwin is an illustrator and graphic designer who works in both traditional and digital media. He is an art director and multimedia producer for the Educational Technologies Network (ETN), a division of a Los Angeles based educational agency.

Helen K. Garber is known for her night urban landscapes taken in cities such as Los Angeles, New York, Paris, Rome and Venice, Italy. Her work is in the permanent collection of museums such as LACMA, the George Eastman House International Museum of Film and Photography, the Museum of the City of NY, MOMA Dublin, Ireland, the Brooklyn Museum, the archives of the Huntington Library, San Marino, the Academy of Motion Picture Arts & Sciences, Beverly Hills and the Venice Biennale, Venice, Italy. She received the 2014 Santa Monica Artist Fellowship. In 2006, she was commissioned by the Venice Biennale of Architecture to create a 5 foot high, 40 foot long, 360 degree panorama of the entire city of Los Angeles taken at night from the helipad of the US Bank Tower: A Night View of Los Angeles. Ms. Garber has directed a number of multi-media installations for the Venice Art Walk, LA Conservancy, Month of Photography, Los Angeles, Autumn Lights Festival, Medium Festival of Photography, San Diego and the Los Angeles International Art Show. She conceived and directed the three-month integrative arts festival: NoirFest Santa Monica, www.noirfestsm.com. More information can be found via www.helenkgarber.com.

Gary Geraths, MFA, Drawing and Painting, Claremont Graduate University, BFA, California State University Long Beach. Mr. Geraths is a figurative draughtsman, representational painter, and courtroom artists. He has exhibited at the Western Front Gallery in Vancouver, BC and the Frye Museum of Art in Seattle, WA. Mr. Geraths has taught and consulted for Disney, Mattel, Sparks Unlimited, and Sony. He is the author of *Illustrator of Drawing Animals* (Gainsway Press) and was a consultant on *Art School Confidential* (Sony Classic Pictures). Mr. Geraths is an advisor for the Institute of American Indian Arts in Santa Fe and teaches for Otis' Foundation and Digital Media departments. He was awarded the Otis Faculty Development Grant in 2006-07 and was the 2012 Otis Educator of the Year.

Jeanetta Gonzales, BA in Fine Arts, University of California, Los Angeles; additional studies at Brooks College and Otis College of Art and Design. Ms. Gonzales is a graphic designer and art director with expertise in branding, package design, promotional and consumer products, and licensed product style guide development.

Nancy Jo Haselbacher, MFA in Printmaking, Rhode Island School of Design; BFA in Fine Arts/Illustration, The Art Institute of Boston, Lesley College. Ms. Haselbacher is an exhibiting fine artist and printmaker. She is the owner of Indelible Press, a printmaking studio in Los Angeles.

Dawn Hollingsworth, MBA, Pepperdine University; BFA in Drama, Theatre Design, and Technical Production, University of Oklahoma. Ms. Hollingsworth is managing Design Principal and Chief Financial Officer for Visual Terrain, Inc., where she is responsible for business development and design direction for a variety of commercial and mixed-use projects including interior architectural, retail, exhibits, exterior landscape and hardscape, themed entertainment, attractions, and theatre consulting. She is a certified lighting professional with extensive experience in lighting design and business management. She was named Architectural Lighting Designer of the Year by Lighting Dimensions International 2000, for her design of the LAX Gateway project. Her work has received many prestigious awards including IIDA Awards of Merit, Lumen West Awards of Excellence, an IIDA Award of Excellence, and Joseph Jefferson nominations

for outstanding lighting design. She is a member of AIA (Affiliate), the International Association of Lighting Designers, national Council on Qualifications for the Lighting Professions, and the Illuminating Engineering Society of North America. Ms. Hollingsworth is an adjunct professor in the Architecture, Landscape and Interiors department at Otis College of Art and Design.

Bonita Helmer, BA in Painting, Antioch College; Graduate work at Otis College; Mentorship studies with Francoise Gilot. Ms. Helmer's work has been exhibited locally at Track 15 and George Billis Galleries. Other gallery exhibitions include Kathryn Markel New York), Gallery Q (Tokyo), ARC Gallery (Chicago). Museum and college exhibitions include CSUN, Downey Art Museum, Orange County Art Museum, UCLA Armand Hammer Museum, El Camino College, Espace Bateau Lavoir (Paris,) and Hebrew Union College Museum (New York). She is a past recipient of two California Art Council grants for teaching. Hs. Helmer's current work can be seen at George Billis Gallery/L.A.

Morrison Jackson, MFA in Costume Design, University of Southern California; BFA in Theatre, Stephens College; BA in Fashion Design, Stephens College. Ms. Jackson is a freelance costume designer, dressmaker, and patternmaker. She received the Drama-Logue Award for Pygmalion at the Hillside Repertory Co. and was nominated for the Pride Theatre Award for First Couple at the Tiffany Theatre. She has also designed wedding gowns, daywear, and historical clothes and cocktail dresses worn at the Emmy Awards.

Linda Jacobson, BFA, Art Center College of Design; BA, California State University, Northridge; Post-baccalaureate studies with Lorser Feitelson. Ms. Jacobson is an artist who lives and works in Venice, California. Her landscape paintings, fused with lyrical mysticism, arise from her conviction that a positive force permeates all things and offers a tremendous power for healing and growth. In her creativity seminars she helps participants tap into this source to find their own creative voice. She teaches her seminars nationally and internationally.

Kate Johnson, President, EZTV ("an avant-garde video production and digital art center" – Wired.com) In 1999 Ms. Johnson's company, EZTV, was honored by the AFI as being one of the "core pioneers and advocates of digital technology in the moving image arts.

Ken Jones, MFA, California State University, Los Angeles, BA in Art, California State University, Northridge with additional studies in figure drawing under Karl Gnass and Glenn Villpu. Mr. Jones has been teaching figure drawing at CSUN since 1996.

Deb Joseph is convinced that art transforms and design matters. Ms. Joseph has taught Art and Design at Beverly Hills High School for 12 years, and is also the Visual and Performing Arts Coordinator (VAPA TOSA), Teacher on Special Assignment, for the Beverly Hills Unified School District. Additionally, she is a Teacher Leader for The California Arts Project (TCAP). In all capacities she uses new media to examine creativity, share with her students and explore her own.

Joanne Kim, BA in Interdisciplinary Studies, Media Arts, The Evergreen State College. Ms. Kim is an artist, educator, and consultant. She has also worked at Venice Arts as its lead photographer and director of education.

Michael Kollins, BFA Industrial Design (Transportation Design) CCS, Detroit, MI. Mr. Kollins has 30 years professional design experience at Ford Motor Co., Mattel, Playmates Toys, Toy Quest, and currently leads Kollins Design, a consulting firm specializing in consumer product design. At Ford Motor Co. he worked in the Trim and Color Studio developing new color programs and processes for automotive application. Mr. Kollins teaches Product Design for Otis' Design program and is an IDSA representative.

Patricia Kovic, BFA, State University of New York, Buffalo, is graphic designer and principal at Studio Morris serving clients for Fortune 500 companies, with offices in L.A. and N.Y. With design awards from the AIGA, N.Y. Art Directors' Club, Communication Arts magazine and Communication Graphics, Ms. Kovic is also Assistant Professor of Design at Otis College of Art and Design.

David Leitch, BFA in Sculpture, San Francisco Art Institute, course work in Architecture, University of California, Berkeley. Mr. Leitch is a master of art installation, exhibition design, furniture design, restaurant and studio interiors, digital art, and making musical instruments.

Sylvia Leung, BFA in Digital Media, Otis College of Art and Design. Ms. Leung is a comic book artist and writer whose Manga, "Wish 3" was published by Ellen Million Graphics in 2004.

Heather Libonati, Senior Lecturer, Architecture/Landscape/Interiors (ALI), Otis College Of Art and Design; MFA, California Institute of the Arts; BA (Theater) Loyola University, Chicago; President, Luminesce Design. Awards include two Lunen West Awards of Excellence and Three Lumen West Awards of Merit. Publications include Architectural Record and Lighting Design and Application for lighting design of the CalTrans Headquarters in Los Angeles.

Laura London, MFA, California Institute of the Arts; BFA, University of Arizona. Ms. London's work has been exhibited in solo and group shows in Los Angeles, New York, Miami, Canada and Europe. She has produced commissioned work and editions for artist organizations. Her work is included in both individual and corporate collections. She is the recipient of two Los Angeles County Metropolitan Transportation Authority Grants, for which she created both a permanent and a temporary art installation. Press coverage of her work includes reviews and features in the LA Times, LA Weekly, Huffington Post, Time Out New York and Artillery Magazine. She presently teaches at Otis College of Art and Design and privately. She has been invited as a visiting artist and guest lecturer at Cal Arts, Cal State Los Angeles as well as other schools.

Kathleen Marinaccio has over 20 years of art direction, graphic design, copy-writing, printing and teaching experience. She is an expert in Adobe Photoshop, Illustrator, Acrobat, InDesign, Quark Xpress, and Microsoft PowerPoint. A graduate with honors from Pratt Institute with a BFA in Communication Design, she went from Intern to Creative Director in less than 5 years, working for amazing companies along the way - NBC Studios, HarperCollins Publishers, Marvel Comics, New World Entertainment, and Fishbrain (ABC, E!, DC Comics, Disney). Ms. Marinaccio is currently Director, Design Services at Warner Bros. Media Research & Insights.

Delia Marsellos-Traister is a jewelry artist and instructor, specializing in metal clay techniques. Ms. Marsellos-Traister is the owner of Phoenix Magyk, LLC. Her work has been exhibited at the Pasadena Bead and Design Show (2008-2010), Xiem Clay Center Art Fair (2009-2011), and Handmade 90041 (2010-2011). She is a member of the National Precious Metal Clay Guild, Precious Metal Clay Guild (LA Chapter), the Metal Arts Society of Southern California, and the Society of North American Goldsmiths.

Patrick Miller, BFA in Photography, Otis College of Art and Design. Mr. Miller's work has been exhibited at Estation Tijuana (Tijuana, Mexico), Los Angeles Municipal Gallery, Ghetto Gloss (L.A.), and Class: C (various locations). Mr. Miller is also an accomplished performance artist whose work has been presented at Los Angeles Contemporary Exhibitions, Wignall Museum (Rancho Cucamonga), Orange County Museum of Art (Costa Mesa), Venice Graffiti Walls (Venice, CA), Lady Fest (L.A. and San Diego), Russell Space (La Jolla), The Smell (L.A.), and KSDT Radio (Online).

Julia Montgomery, BFA in Fine Art, Otis College of Art & Design. Ms. Montgomery is a sculptor living and exhibiting in the Los Angeles area. She is co-owner of Ledge Studio in Los Angeles.

Deborah Nourse Lattimore, BA in Art History and Ancient Near Eastern and Pre-Columbian Studies, University of California, Los Angeles. Ms. Lattimore is the illustrator and author of over 35 children's and educational books. She is the recipient of the prestigious P.E.N. Award, ACLU Award in Art for Civil Liberties, and the Color Me Bright Foundation Award. Her books are in the California Collection, and her illustrations are in numerous museums and personal collections.

Randy Osherow, MA in Fine Arts with emphasis on painting and drawing. Ms. Osherow is an artist with 20 years of teaching experience.

Julianna Ostrovsky, MFA in Painting and Sculpture, Columbia University. Ms. Ostrovsky has been nationally and internationally exhibited. She taught Painting and Drawing at Drexel University, Philadelphia, and designed accessories for the GAP in NYC. As a teaching artist Ms. Ostrovsky has instructed a range of enrichment workshops for grades K-12 and in-depth Painting and Drawing studios for youth and adults. In addition, Ms. Ostrovsky has worked as an Artist-in-Residence at the Skirball Cultural Center.

Lisa Oxley, MFA in Fine Art, Otis College of Art and Design; BA, University of the State of New York. Ms. Oxley is an exhibiting artist and trained instructor of mindfulness awareness meditation with over 12 years of a personal daily practice. She has studied meditation in both the Soto Zen and Tibetan Vajrayana tradition, and is a student of Sakyong Mipham Rinpoche. Ms. Oxley's art work has been shown locally and internationally in Los Angeles, Barcelona, Madrid and Vienna. She was a recipient of an artist-in-residency grant at the Tyrone Guthrie Centre in Ireland in 2004.

Ave Pildas, Graduate degree in Graphic Design, Kunstgewerbeschule, Basel, Switzerland; BFA in Graphic Design, University of Cincinnati and Cincinnati Art Academy. Mr. Pildas' work has been exhibited in solo exhibitions at the Contemporary Art Center (Cincinnati), Photographer's Gallery (London), Janus Gallery (Los Angeles), Gallerie Diaframma (Milan), Cannon Gallery (Amsterdam),

Gallerie 38 (Zurich) and in numerous group shows. His work has been featured in The New York Times Magazine, ZOOM, PHOTO, CAMERA, and Photographic. Mr. Pildas' photographs are included in the collections of the Museum of Modern Art (New York), Bibliotheca National (Paris), and University and Arizona. Mr. Pildas is a Professor Emeritus at Otis College of Art and Design.

Linda Pollari, Chair of Architecture/Landscape/ Interiors, Otis College of Art and Design; University of Wisconsin, Architect. Principle, P XS. Awards include American Architecture Award; LABC Award of Excellence; Merit Award, AIA/LA; Merit Award, AIA-Sunset Western Home Awards; House of the Year Award. Project publications include Architecture and Design (teNeues), Architectural Digest, ArchiDom, Sunset, Metropolitan Home, Los Angeles Times, Architecture, Los Angeles Magazine, Design Times, Assemblage, and Architecture and Urbanism.

Robert Roach, BS, Butler University. Mr. Roach has created storyboards for movies, commercials, videos, and cartoons. His client list includes Universal, New Line Cinema, Fox, The Zubi Agency, Mutual of New York, and Mann Theatres.

Julie Robey, BFA in Environmental Arts, Otis College of Art and Design. Ms. Robey is a digital artist specializing in digital technology and creates architectural designs for residential and commercial remodels.

Jessica Robins Thompson, Art Director/Executive Producer of Lightray Productions. Lightray Productions is a successful Web Development firm in the Los Angeles area, with a roster of high profile clients including Warner Music Group, Disney, AOL, Apple, NASA and the LAPD [www.lightray.com].

Lenord Robinson, studies include illustration at Georgia State University and Atlanta College of Art. Mr. Robinson is a story and animation artist who has worked for Dreamworks, Disney, and Warner Bros. Animation.

Leslie Ross-Robertson attended West Virginia University in Theatre and Fine Arts. Ms. Ross-Robertson is the owner of Modern Optic, a contemporary letterpress studio, which designs and manufactures fine art prints, greeting cards, and artist collaborations (through Wavelength Press.) Selected clients include Knoll, Herman Miller, Steven Ehrlich Architects, and Hammer Museum.

Faye Rouhi, BA, Gissun University (Germany). Ms. Rouhi is the owner of Faye Rouhi Designs where she has been creating custom apparel and accessories for over 20 years. Her jewelry line, FayeLei Custom Jewels, was launched in November 2009.

Lizi Ruch, BFA in Fashion Design, Parsons School of Design. Ms. Ruch is the owner of Artfully Equestrian. She is a designer who specialized in fashion knitwear.

Luis Ruiz, BFA, Computer Animation (3D), Savannah College of Art and Design. Mr. Ruiz has worked in the multimedia industry for over ten years. TV production work includes the History Channel, A&E, MTV, VH1, and Comedy Central. He has created background animations for Madonna, Christina Aguilera, Ricky Martin and others. A recent product designer for Mattel Toys, Mr. Ruiz has also done freelance work for Spinmaster, Yahoo, Nintendo of America, and Thomson Reuters.

Linda Jo Russell, MFA, California State University, Long Beach. Trained to teach perceptual drawing techniques by Betty Edwards, Ms. Russell now teaches workshops on drawing and creativity throughout the United States.

Francisco Saldaña, MA Marital and Family Therapy / Clinical Art Therapy, Loyola Marymount University, BA in Studio art with Computer Art minor, Cal State University, Dominguez Hills. Mr. Saldaña is a Licensed Marriage and Family Therapist and lecturer, bilingual art therapist, parole agent, and probation officer with experience working in adult correctional facilities, juvenile justice systems, foster care, K-12 schools, and various mental health and domestic violence facilities.

Pamela Smith Hudson is a painter, printmaker and teaching artist based in Los Angeles. Ms. Smith Hudson is a UCLA graduate who studied art, art history, museum studies, and dance. She has 15 years of experience working in the art material industry as an art educator and consultant for some of the most innovative art material manufacturers across the globe. Ms. Smith Hudson is also currently part of the teaching staff at Los Angeles County Museum of Art.

Deborah Swan-McDonald, BS in Art Education, Southern Illinois University, Edwardsville. Ms. McDonald is an accomplished Plein Air painter and is an exhibiting fine artist. She is also a juried member of Watercolor West. Additionally, she is an educator for the Los Angeles Unified School District.

Joan Takayama-Ogawa, MA (Education) Stanford Univ.; BA (Geography/East Asian Studies) UCLA. Educator and ceramic artist in public collections of Renwick Gallery, Smithsonian Institution; LACMA, Oakland Museum, Long Beach Museum of Art, Celestial Seasonings, Hallmark Racene Art Museum.

DeeAnn Singh is a professional calligrapher with over 31 years of experience whose past clients have included Warner Bros., HBO, and Twentieth Century Fox. Ms. Singh specializes in historical writing for movie and television props.

Lorna Turner, MA in Communication Art & Design, Royal College of Art; BFA in Design and Art History, Ohio Wesleyan University. Ms. Turner is a graphic designer and fine artist whose work has been shown Loop Film Festival (Barcelona and Madrid).

Debra Valencia, BFA in Graphic Design, Philadelphia College of Art; President of DeVa Communications (aka DeVa Design, Inc.). Ms. Valencia is a surface/textile artist, graphic designer, product inventor, and business entrepreneur with a passion for multicultural traditions and travel. Specializing in mix and match patterns, her signature look is vibrant and colorful, reflecting her inspiration by crafts, textile arts, and architectural ornamentation from all over the world, as well as pop art, fashion and everything vintage. She has been the creative director for several award-winning firms working on multi-disciplinary projects worldwide. Ms. Valencia's surface art is licensed with 25 manufacturers; she has over 1,000 products currently on the market in stationery, textiles, home decor, gift, and fashion accessories.

Ginger Van Hook, MFA in Writing, Otis College of Art and Design. Mrs. Van Hook's Photographic work has been exhibited in California. Group shows include Shizku Greenblatt Gallery 825, Focus One Gallery, Los Angeles Center for Digital Arts, Royal Cup Art Gallery, and Picture this Gallery. As an accomplished writer, Mrs.

Van Hook's published works include, Core Media Group, Westside Today, Pasadena Now, the San Gabriel Valley Weekly, the Arcadia Weekly, Mountain Views, and The Penguin Political.

Diana Vitale, BFA, Chouinard Art Institute. Ms. Vitale's paintings and drawings have been exhibited at the Brand Library, Glendale, CA, and the King and Main Street Galleries in Santa Monica, CA. She has distinguished herself as a successful costume illustrator and designer for Ray Agakan, Twenty-Century Fox, Bob Mackie, Jennifer Warner, and *Women's Wear Daily*.

Chris Warner, MFA, University of Colorado, Boulder. Mr. Warner was a recipient of a WESTAF/NEA Regional Fellowship, 1990. His work has been exhibited at the Koplín Gallery in Santa Monica, and included in numerous solo and group exhibitions throughout the Western U.S.

Michelle Wiener, MFA in Fine Art, Otis College of Art and Design; BA, College of Creative Studies, University of California, Santa Barbara. Ms. Wiener is a professional artist whose work has been shown at Samuel Freeman Gallery in Santa Monica, Los Angeles Municipal Gallery, Forest Lawn Museum in Glendale, and ISM Gallery in Long Beach.

Crossman Wilkins, MFA in Fine Art, Otis College of Art and Design; BS in Electronic Media, Arts, and Communication, Rensselaer Polytechnic Institute, New York. Mr. Wilkins is a graphic designer and fine artist. He is the creator of Transmission available now in the iTunes store.

Jeanne Willette, PhD in Art History, University of California, Santa Barbara; MA in Art History, California State University, Long Beach; BA in Fine Arts, California State University, Los Angeles. Ms. Willette specializes in modern and contemporary art, and critical theory with a particular emphasis on photography. Her extensive publication record includes both professional journals and exhibition catalogues. She has been teaching full-time at Otis since Fall 1999 as Associate Professor of Art History in the Liberal Arts and Sciences department.

Ty Wynn, BA in Architecture and Design, California State College, Stanislaus. Mr. Wynn is a Project Manager for VW, Inc., a company that provides retail fixtures and visual merchandising services to the mall industry. He is the past Director of Architecture and Construction for Valenti Management, Inc., and a past Associate at Thomas Torvend Architects, A.I.A.

Scott Zaragoza, BFA, Otis College of Art and Design. Mr. Zaragoza is a fine artist whose work has been exhibited internationally, including a solo exhibition at the Salon Gallery, London, U.K., in 2007. Since then, he has participated in group shows in Los Angeles and the U.K. including Art & Soul Group Exhibition, Tunbridge Wells. His work is included in the prestigious Gilbert B. Silverman collection, U.S.A, and the Bernard Dooling collection, U.K.

Shpetim Zero, BA, Westmount College. Mr. Zero is an innovative fashion and costume designer who has worked for such prestigious fashion houses as Carolina Herrera, Dior and Etro. His creations have been included in *Vogue* and various national fashion magazines. Mr. Zero's designs have been worn by celebrities including Vanessa Williams, Lily Tomlin, Angela Bassett, and Smashing Pumpkins.

FACILITIES

COMPUTER CENTER

Academic Computing Services

310-665-6825

Room A401

Academic Computing Services supports the computing technology requirements of the Continuing Education program through labs designed around digital-based production methods including image manipulation, digital illustration, digital video and audio, 3D modeling and animation. The open-access labs and computer classrooms are equipped with the latest MacOS and Windows workstations including large format scanners, digital projectors and wide-format color printers. Here Otis' art and design courses merge studio and computer based techniques of illustration, typography, layout, 3D imaging, interactive design, video editing and motion graphics. Students have the opportunity to produce original work in various forms of output including large format color prints, DVD's and rapid prototypes.

Fall Open-Access Hours

Monday-Thursday

8:00am-12:00am

Friday

8:00am-10:30pm

Saturday-Sunday

9:00am-7:00pm

Current lab hours and information is available on our website: www.otis.edu/acs

MILLARD SHEETS LIBRARY

310-665-6930

The library houses approximately 40,000 volumes, including books, exhibition catalogs, and DVDs and maintains over 150 current periodical subscriptions, mostly in areas of the Visual Arts. Currently-enrolled Otis Continuing Education students may use the library but are not eligible to check out materials.

The library is located on the 3rd floor of the building, 9045 Lincoln Blvd., at the Westchester Campus.

The Fashion Campus Library is not available to Continuing Education students.

<http://library.otis.edu>

LIGHTING STUDIO

Room G105

In the 60' x 40' Lighting Studio students can find everything they need for fashion shoots, portraiture, and still life. Equipment includes Norman strobes, tungsten lights, soft boxes, umbrellas, diffusers, reflectors, and gels. A seamless shooting cove allows 90 degrees of infinite background. A 12' x 18' permanent green screen with fixed kinoflo lighting and green stage is available.

LABORATORY PRESS/ LETTERPRESS STUDIO

Room B04

In the Laboratory Press students investigate the origins of typography and the notion of the book as a visual communications medium. Conceived as a laboratory for aesthetic exploration and practical production, Otis Laboratory Press is an integral part of the graphic design and illustration curriculum, linking time-honored tools to today's digital media. From metal type to digital plates, students experience the traditional disciplines of typography, letterpress printing, and bookbinding while learning to integrate type and image, structure and content, process and product. Student work produced in the Laboratory Press has been widely exhibited in many major book arts collections, including the UCLA Special Collections Library. The press boasts a large collection of wood and metal type and four Vandercook flatbed cylinder presses.

Visit the Otis Laboratory Press:
www.blogs.otis.edu/labpress/

METAL SHOP

Room P01

In the Metal Shop students cut, weld, form, shape, grind, polish, and finish ferrous and nonferrous metals in sheet, tube, and plate. The shop is outfitted with 5 MIG welders, and 1 TIG welder, as well as plasma cutting equipment. The Metal Shop is also equipped with an automated pipe bender and tube roller. The Metal Shop is only available to students who have registered for a welding/metal class and paid the lab fee.

PHOTOGRAPHY LAB

Equipment

In the photography lab students learn to develop and process their own film, and make their own black & white silver gelatin, or RA-4 Type C prints in a traditional wet darkroom environment. The photography crib offers a wide variety of film and digital cameras, lighting equipment, and darkroom tools for student checkout.

Lab hours are posted in the darkroom area each semester. Lab hours provide the student with time to work independently. Lab hours for Continuing Education students are from 5:00pm-10:00pm, Monday through Thursday, Friday from 9:00am-7:00pm, and Saturday from 9:00am-5:00pm. Sunday the Lab is closed. Classroom activity in the darkroom has priority over lab use by individual students. Lab fees cover the use of equipment and basic chemistry. The Lab is only available to students who have registered for a photography course and paid the lab fee.

FREDERICK MONHOFF PRINTING LAB

Room B07

The Frederick Monhoff Printing Lab offers a complete silk screening facility. Up to ten stations are provided including a darkroom for all lightfast conditions complete with a medium size exposure unit and pressurized wash out booth. The print lab facility also includes two large presses for a variety of print making techniques.

VIDEO LAB

Room B06A

In the Video Lab, students can learn the language of video. A variety of capturing equipment is available for student use in the studio, including HD video cameras, steadicam camera support and audio recording equipment. Included in this facility is a computer lab with 20 workstations operating on the latest Apple supported video and sound editing software.

WOOD SHOP

Room A701

The Wood Shop provides facilities for the milling, shaping, joining, and finishing of fine hardwoods, fiber-board, plywood, plastics, foam, and bent laminations. A large selection of hand and power tools is available for student use in the shop facilities.

The shop is outfitted with a 10hp automated sliding table saw, a 20-inch industrial planer, and a 10-inch industrial jointer. The Wood Shop is only available to students who have registered for a wood class.

ADDITIONAL INFORMATION

CERTIFICATE PROGRAMS

Otis Continuing Education certificate programs are designed for individuals developing a new career, making career changes, or seeking to enhance existing art or design skills. Programs provide intensive, practical training in a variety of art and design disciplines, combining the study of aesthetic principles with the acquisition of practical skills. Courses are designed to help students develop professional-quality portfolios in their chosen design fields.

Eligibility

Open to all adults, 18 and over, who fulfill prerequisites.

Certificate Credit for Completed Continuing Education Courses

Students may apply credit from prior Continuing Education courses under the following conditions:

- 1) Otis Continuing Education courses were completed no more than three years prior to enrollment in the Certificate Program.
- 2) Courses were taken at Credit or Certificate status (non-credit is unacceptable).
- 3) Grades were "C" or better.
- 4) Courses were relevant to a specific curriculum requirement in the program.

Courses taken outside the Otis Continuing Education program are not accepted for credit toward certificate core courses.

Professional Experience

Appropriate professional experience in the discipline may be substituted for a core course or courses; documentation supporting this experience or a portfolio of work should be submitted to the Continuing Education office prior to beginning the certificate program. The student must fulfill the required number of units to complete a certificate and select courses from the remaining core classes and electives to replace the substituted course.

Enrollment Status

Two choices are available:

Certificate Credit (XT): non-transferable credit. Graded on a letter grade system. ("C" grade or better is required for certificate credit.) A permanent record is kept in the Office of Registration and Records.

College Credit (XC): transferable unit credit. Graded on a letter grade system. ("C" grade or better is required for certificate credit.)

Credit students are required to complete additional classwork in order to successfully complete a course.

Counseling

Call 310-665-6850, Monday-Friday, 9:00am-5:00pm
Please call in advance for an appointment.

Talk with an Otis Continuing Education representative to discuss courses.

Certificate Program Application Fee

Students entering Otis Continuing Education Certificate Programs are required to pay a one-time \$175 application fee.

Only those who have enrolled in a Certificate Program are eligible to receive a final certificate.

Counseling/Portfolio Reviews

This application fee enables students to meet with a counselor two times during their course of study:

- > once they have completed an application to a Certificate Program and
- > the semester prior to completing their certificate

Students should call the Continuing Education office to set up an appointment.

Students should pay the Certificate Application Fee prior to enrolling in their third course. Application fees are non-refundable and non-transferable.

For further information, please call 310-665-6850.

Completion

All required core courses and electives must have been taken at Certificate (XT) status or Credit (XC) status and have received a grade of "C" or better.

The Certificate Program must be completed within four years of submitting your application and fee. Upon completion of all courses, the student must petition the Continuing Education Office in writing to receive their certificate; please include the certificate program name, your Student Identification number, and mailing address. The Continuing Education office verifies that all requirements have been met and then issues the certificate. Certificates are issued approximately twice per year.

Other Career Preparation Opportunities at Otis College of Art and Design

Bachelor of Fine Arts Degree

For information call the Admissions Office at 310-665-6820.

Master of Fine Arts Degree

For information call the Graduate Studies Office at 310-665-6892.

OTIS DOES NOT DISCRIMINATE

Otis College of Art and Design, in accordance with applicable Federal and State law and College policy, does not discriminate on the basis of race, color, national origin, religion, sex, gender identity, pregnancy/childbirth and medical conditions related thereto, disability, medical condition (cancer related or genetic characteristics), ancestry, marital status, age, sexual orientation, citizenship, veteran status, or other characteristics or classifications protected by the law. This nondiscrimination policy covers admission, access, and treatment in College programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Amy Gantman, Dean of Continuing Education and Pre-College Programs, Otis College of Art and Design, 9045 Lincoln Boulevard, Los Angeles, CA 90045, 310-665-6850

Unless otherwise noted, Continuing Education courses are limited to adults, aged 18 or older. Younger students must receive written approval from both the instructor and Dean of Continuing Education prior to registration. Please see Young Artist Workshops for courses open to younger students.

FACULTY

The faculty is drawn from the best of the city's working professionals – individuals who combine the theoretical approach of the classroom with the know-how that marks a successful career.

ACCREDITATION

Otis College of Art and Design is fully accredited by the Western Association of Schools and Colleges (WASC) and the National Association of Schools of Art and Design (NASAD).

AFFILIATIONS

Otis College of Art and Design is a member of the University Continuing Education Association (UCEA) and the Council for the Advancement and Support of Education (CASE).

PREREQUISITE COURSES

Prerequisites must be satisfied through previous course work, portfolio, or experience. Portfolios are requested for admission to some courses.

Portfolio reviews are available by appointment. Please call the Continuing Education Office at 310-665-6850 for further information.

Students preparing to enter a new career without previous art or design experience should complete the recommended prerequisite courses before (or concurrent with) enrollment in a particular sequence. Demonstration of equivalent experience is accepted as meeting prerequisite and beginning required courses.

ENROLLMENT STATUS

Non-Credit (XN)

No grades are given in the course, and no permanent academic records are kept by the College.

Certificate Credit (XT)

Certificate students are graded on a letter grade system (A-F), and a permanent record is kept on file in the Office of Registration and Records. Certificate grades are not transferable to other institutions. No college credit is given. Any student may enroll at Certificate Status, whether or not he/she is pursuing a certificate program.

College Credit (XC)

Credit students receive a letter grade (A-F), and a permanent record (transcript) is kept on file in the Office of Registration and Records. Official transcript fee is \$5.00 per transcript.

Credit students are required to complete additional classwork in order to successfully complete a course.

In accordance with the WASC and NASAD accreditation standards, courses meeting for 30-36 hours, receive 1.0 unit of course credit.

As an accredited institution, credits are offered in semester units; most studio courses are one undergraduate unit. In the Continuing Education Division, one semester hour of studio credit represents a minimum of three hours of work each week, on the average, for a semester of 10-12 weeks. Summer session may vary in course hours and duration of classes.

Credit and certificate students are required to adhere to academic regulations as outlined in the Student Handbook concerning class attendance and completion of work. Any student may enroll in Credit Status.

FINANCIAL AID OFFICE

Financial aid is no longer available for Otis Continuing Education programs.

VETERANS AFFAIRS OFFICE

800-827-1000

Credit classes may be approved under the Veterans Educational Benefits Program. Veterans, their dependents, and others eligible for veterans' education programs should determine their benefits and obtain authorization from the Veterans Administration before enrolling in classes.

Veterans Administration Office,
11000 Wilshire Blvd., Los Angeles, CA 90024
www.gibill.va.gov

PHYSICALLY-CHALLENGED ACCESS

310-665-6850

Otis College of Art and Design facilities are accessible to, and special arrangements are made for, physically challenged students. Any student needing these services should contact the Continuing Education Office at 310-665-6850.

STUDENTS WITH DISABILITIES SERVICES

If you are a student with a documented disability (physical, learning, or psychological) you should contact Students with Disabilities Services (located in the Student Resources Center, 310.846.2554) before you need any accommodations. Retroactive accommodations are not provided, so please be sure to make your request early in the semester. All discussions will remain confidential. For additional information please visit http://my.otis.edu/life_otis/student_affairs/student_disabilities_services.html

PRIVACY ACT

The Family Education Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1) The right to inspect and review the Student's education records within 45 days of the date the College receives a request for access.

Students should submit to the Registrar, Dean, Chair or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the Student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the

Student of the correct official to whom the request should be addressed.

2) The right to request the amendment of the Student's education records that the Student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.

If the College decides not to amend the record as requested by the Student, the College will notify the Student of the decision and advise the Student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the Student when notified of the right to a hearing.

3) The right to consent to disclosures of personally identifiable information contained in the Student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to College officials with legitimate educational interests. A College official is a person employed by the College in an administrative, supervisory, academic, or research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the Board of Trustees; or a Student serving on an official committee, or assisting another school official in performing his or her tasks.

A College official has legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

The College may disclose certain information, known as directory information, at its discretion without consent. Students may refuse to let the College release any or all of this information. If you do not want this information released, you must send written notice annually to the Registration Office. Forms are available from that office. The College has established the following Students information as public or directory information: Student name, address, telephone number, major field of study, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

Upon request, the College discloses education records without consent to officials of another school, in which a Student intends to enroll.

4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

OTIS STUDENT ID

310-665-6850

Your instructor will distribute Otis Student ID cards during the first two weeks of the semester. If you do not receive your ID card, please inform the Continuing Education office.

SECURITY

Emergencies

To find out information in case of an emergency call 1-888-751-7523.

Westchester Campus Security

310-665-6965

Westchester Campus security guards are available to greet and direct students during all evening and weekend hours.

California Market Center Security

213-630-3700

Security is provided by the California Market Center for students enrolled in the Continuing Education Fashion Design Program.

Skirball Cultural Center Security

310-440-4676

Skirball security is staffed 24/7 and Site Managers are available to greet and direct students during all evening and weekend hours.

FULL-TIME STUDENTS

Otis College of Art and Design BFA students may enroll in Continuing Education courses with the approval of their Department Chair and the Continuing Education Department.

See the Office of Registration and Records for complete information.

Junior and Senior Students

1) Continuing Education courses may be substituted for a degree requirement at the discretion of the student's department chair, but only as an independent study.

2) The add/drop card must be approved by both the Department Chair and the Dean of Continuing Education.

DISCOUNTS

Only one type of discount (alumni or senior citizen) may be applied per student, per course. Please note: Early Bird registration discount may be combined with any one of the tuition discounts listed below. All discounts must be done at time of registration.

Early Bird Registration Discount

Early Registration Discount ends at the end of the Continuing Education Open House. To receive a discount at Open House students must enroll in person or by fax. No phone enrollments are accepted the day of the Open House.

Deduct \$50 from each course that meets for a minimum of 30 contact hours with tuition of \$395 or more. **Courses not eligible for Early Bird Discount are noted with an ✱ next to their title in the catalog.**

Teacher Discounts

Otis College of Art and Design is committed to supporting the continuing education needs of our local school districts, namely Los Angeles Unified and Culver City School Districts. Full time Kindergarten through 12th grade teachers may be eligible to waive tuition on any course meeting for at least 30 contact hours.

Alternatively, qualified students may elect to enroll in a course for a reduced tuition (approximately equal to 50% discount) to be guaranteed a space in the class.

Please note that teachers are responsible for registration, insurance, lab, and materials fees.

To apply for tuition remission, teachers MUST provide the following:

- 1) A Letter of Confirmation with verification of current FULL-TIME employment status. All submissions must be on original school or district letterhead and MUST be signed by Supervising School or district Administrator.
- 2) A completed current registration form.
- 3) Include payment information totaling registration, insurance, and lab fees.

Once documentation has been provided to the Continuing Education Office teachers will be placed on a waitlist. Please call the Continuing Education office at 310.665.6850 to verify waitlist status. This full tuition discount is only offered on a space available basis.

Due to funding regulations, no substitute documentation will be accepted.

Discounts are valid for certificate level only.

Courses not eligible for this discount are marked with an ★ in the catalog.

The Arts in Education Series

Teacher tuition for the Arts in Education Series, one-day workshops are free with a letter of confirmation on original school or district letterhead verifying teacher's current full-time employment status; Participant is responsible for \$14 Student Insurance Fee.

For further information, please call 310-665-6850.

Tuition remission for teachers is supported by Sony Pictures Entertainment.

KCRW Members

Otis College of Art and Design is pleased to offer KCRW members a \$50 tuition discount on selected Continuing Education courses (excluding registration, insurance, and lab/material fees). KCRW's Fringe Benefits card must be shown as proof of membership at time of registration. Please fax a copy of your card with all phone or faxed registration forms. Courses not eligible for this discount are marked with an ★ in the catalog.

Otis Alumni

Otis College of Art and Design is interested in supporting the continued creative and professional growth of its alumni. Those individuals who have graduated from Otis College of Art and Design's BFA or MFA programs, are eligible for a \$50 discount on tuition for Continuing Education courses (excluding registration, insurance, and lab/material fees). The Office of Registration and Records will verify eligibility. Courses not eligible for this discount are marked with an ★ in the catalog.

Senior Citizens

Seniors (60 years and older) receive \$50 off the tuition of each course at time of registration (registration, insurance, and lab/materials fees cannot be discounted). Please provide proof of age when registering. Tuition and fees are payable in full at the time of registration. Courses not eligible for this discount are marked with an ★ in the catalog.

Skirball Cultural Center Members

Skirball members are eligible for a 10% discount on most Otis courses taking place at the Skirball Cultural Center. Members must notify registration staff of their discount at time of registration. Please fax a copy of your card with all phone or faxed registration forms.

FEES

Registration Fee

Each semester a \$25.00 (non-refundable) fee is charged to each student, for tuition totaling \$101 or more. A registration fee is not charged for Children's courses (ages 5-12).

Insurance Fee

\$14.00 (non-refundable) per student per semester. This fee applies to all students enrolled in Continuing Education courses at Otis and cannot be waived. This insurance fee covers accidents and injuries occurring while on campus.

Lab Fees

Lab fees are listed with each course where applicable. Students enrolled in these courses must pay associated lab fees at time of registration. Lab fees are non-refundable after the first class meeting.

Materials Fees

Material fees are listed with each course where applicable, and are usually paid directly to the instructor. Material fees are non-refundable.

Late Fees

An additional \$30.00 is charged if a student registers after the first business day following the first class meeting. All students must register in a course prior to the start of the second class meeting.

Parking

Westchester Campus Only

Parking is included in your tuition and available in the Parking Pavilion located adjacent to the Otis College of Art and Design Campus located at: 9045 Lincoln Boulevard, Westchester. Students may request a parking permit in the Office of Registration and Records 310.665.6950. Parking on the streets in residential neighborhoods bordering the college campus is prohibited.

California Market Center

Students attending fashion courses at the California Market Center may park in an adjacent structure for an additional fee. Garage parking is paid on a daily basis.

California Market Center Main Garage hours are: 8:30am-10:00pm, Monday-Friday. Saturday hours are: 7:00am-6:00pm (For access to California Market Center on Saturdays, from street level, use 9th Street entrance.)

Skirball Cultural Center

Parking at the Skirball Cultural Center is free and located on-site at 2701 N. Sepulveda Blvd., Los Angeles, CA 90049.

Returned Check Fee

- 1) If for any reason a check does not clear for payment, a penalty of \$50.00 is charged to the student's account. The College cannot assume that the student has withdrawn from classes because the check has not cleared or has been stopped; payment and penalty remain due.
- 2) If sufficient payment is not made within 48 hours of notification, students with bounced checks or unacceptable credit cards may no longer attend classes.
- 3) Students who bounce checks lose their check-writing privileges for twelve months after their penalty charge is paid.
- 4) It is Otis College of Art and Design's policy that all classes be prepaid (including Continuing Education).

If for any reason a student's account should accrue a balance due (payment due, returned check, and/or dishonored credit card, etc), and that balance remains unpaid for more than fifteen (15) days, that account will be assigned to a Collection Agency. All accounts assigned to a Collection Agency will be charged collection costs, including but not limited to collection agency fees, as well as legal fees, and/or court costs. This information will be disclosed to credit reporting organizations.

Open House

CONTINUING EDUCATION

Sunday, August 17, 2014 1pm-3pm

Goldsmith Campus in Westchester
9045 Lincoln Boulevard, 2nd floor

For reservations and further information,
please call 310-665-6850.

HOW TO REGISTER

Registration applications must be accompanied by full payment of all tuition and fees and are processed in the order received. Early enrollment is advised.

Tuition and fees are listed with each course description. You must be registered in a course before the start of the second class session. Students not enrolled by the start of the second class session may not attend class.

Registration is completed ONLY through the Office of Registration and Records. Take care of all registration business (enroll, request a parking permit, add, drop, transfer or change credit status) at the Office of Registration and Records, or by calling 310.665.6950.

DISCLAIMER

Otis College of Art & Design reserves the right, in its sole discretion, to deny any persons registration or enrollment in, or admittance to, any Continuing Education or Pre-College course.

ONLINE REGISTRATION

You can now conveniently register and pay online with our secure system. Course enrollment is on a first come, first served basis. Online Registrations receive priority over walk-up, phone, or mail-in registrations (on a daily basis).

Please note that online payments are accepted via a third-party Payment Gateway, Sallie Mae Solutions Incorporated, which charges a 2.75% convenience fee on all transactions. The Convenience Fee is non-refundable in all cases, even if your course is cancelled by the College.

For more information regarding Online Registration, visit the website: www.otis.edu/ce

MAIL-IN REGISTRATION

Complete the registration form inserted in this catalog and mail to:

Office of Registration and Records
Otis College of Art and Design
9045 Lincoln Boulevard
Los Angeles, CA 90045

Payment may be made by MasterCard, VISA, or personal check. Please do not send cash.

Registration forms that are NOT completely filled out will not be processed.

TELEPHONE REGISTRATION

310-665-6950

Call the Office of Registration and Records between 9:00am and 4:00pm Monday-Friday. Please have your credit card number and expiration date ready. Telephone registration is for VISA and MasterCard payments only.

Please be prepared to provide all the information requested on the registration form on the back of this catalog at the time of your call.

IN-PERSON REGISTRATION

Please come to the Office of Registration and Records, located on the 2nd floor, Ahmanson Building, Goldsmith Campus.

Pay by MasterCard, VISA, or personal check (no cash or money orders please) in Room 207, Ahmanson Building, Goldsmith Campus. Monday-Friday, 9:00am-5:00pm.

See following Extended Hours.

Please note that in-person registrations may be submitted, but are not processed the same day.

FAX REGISTRATION

310-665-6956

Fax the entire registration form; please make sure to include your signature. For Visa and MasterCard payments only. Registration forms that are not completely filled out will not be processed.

EXTENDED EVENING AND SATURDAY REGISTRATION HOURS

The Office of Registration and Records will extend registration hours only during the first week of the semester.

Office of Registration & Records Extended Hours:

Saturday, 9:00am-3:00pm

Monday-Thursday, 8:30am-7:15pm

Friday, 9:00am-5:00pm

You may add/drop, transfer classes or, change credit status from time of registration, through the second class meeting of the semester. Registration personnel does not accept cash for registrations.

Parking Permits

310-665-6950
registration@otis.edu

Parking permits may be picked up in the Office of Registration and Records, 9045 Lincoln Blvd., Room 207, Goldsmith Campus, (Monday-Thursday 8:30am-7:15pm, Friday 9:00am-5:00pm and Saturdays 9:00am-3:00pm) during the first week of the semester. All questions regarding registration and parking should be directed to the Office of Registration and Records.

ADDING A COURSE

Students may add additional courses to their existing course schedule any time after the first class meeting and before the start of the second class meeting with no late fee. All students must register in a course prior to the second class meeting.

SCHEDULE/COURSE CHANGES AND CANCELLATIONS

310-665-6950
registration@otis.edu

Otis reserves the right to cancel, reschedule or combine classes; to change instructors; to increase or decrease class size, and to alter curricula. It also reserves the right to deny any student permission to enter or continue a course of study.

Courses may cancel on or before the first scheduled class meeting if enrollment is insufficient. If a class is canceled or rescheduled, you may request a transfer to another class; otherwise, you will receive a full refund of tuition and fees for the class that was canceled. Please allow four to six weeks for processing. Please call the Registration Office to initiate your refund.

CLASSROOM ASSIGNMENTS

Prior to going to their first class, students should refer to the classroom location lists posted at the building entrance or outside the Continuing Education office, located on the 2nd floor, Room 208.

TRANSFERS/STATUS CHANGES

To transfer from one course or section to another, or from non-credit to certificate or credit -status, please contact the Office of Registration and Records at 310-665-6950. Any changes must be completed by the end of the second class meeting. Transfers from credit to non-credit status are subject to the deadlines outlined in the Academic Calendar and Refund Policy.

GRADING POLICY

Non-Credit Status

No grades are assigned for Non-Credit classes. No records are kept, other than the registration schedule.

Certificate and Credit Status

Grades assigned upon completion or termination of a course taken for credit are:

- A Excellent
- B Good
- C Average
- D Poor
- F Failure

UW

Unofficial Withdrawal: Indicates that a student has "unofficially" withdrawn. The "UW" grade is equivalent to an "F" in calculating the grade point average.

W

Withdrawal: Indicates official withdrawal (done through the Office of Registration and Records). The "W" grade becomes part of the student's permanent record but is not included in the grade point average. Students must withdraw by deadline noted on Academic Calendar.

I

Incomplete: Given only in extreme circumstances with the instructor's and the Dean of Continuing Education's approval. Work must be completed within 4 weeks from the end of the semester in which the grade of Incomplete was granted; otherwise, a final grade of "UW" will result.

(Certificate status is not eligible for college credit and is non-transferable.)

Please contact the Office of Registration and Records for further information at 310-665-6950, or email registration@otis.edu

APPEAL OF GRADE

Grades are subject to revision by the instructor with the approval of the Dean of Continuing Education. Grade changes may be made only during the semester immediately following the semester in which the initial grade was given. After one semester has elapsed, all grades recorded in the Office of Registration and Records become a permanent part of the student's academic record, and no changes are allowed.

ATTENDANCE

The Otis College of Art and Design attendance policy is as follows: Instructors keep attendance records. All students, no matter what their enrollment status, are expected to attend class regularly and on time. Missing 20% of class meetings results in a failing grade. Three tardies are equal to one absence. Each student has an obligation to contribute to the academic performance of all through full participation in the work of each class. If special difficulties arise, the student should first consult his/her instructor. Contact the Continuing Education Office if there is no resolution.

REFUND POLICY

Office of Registration and Records

310-665-6950

registration@otis.edu

Full refunds of tuition and fees are granted if:

- 1) A course is canceled by the Continuing Education Division.
- 2) Course day or time is changed and the individual student cannot attend.
- 3) A course is filled before receipt of your registration form. Refunds are not given to students who notify the College of their withdrawal after the second class meeting.

Withdrawals and drops can be done by phone.

After you have registered for a course, and you do not attend the first or second meeting, *it is your responsibility to notify the Registration Office at 310.665.6950 to request a partial refund.*

If a student's withdrawal or drop causes the course to be subsequently canceled, the Withdrawal Refund Policy and not the Cancellation Refund Policy applies to that student. Registration and Student Insurance Fees are non-refundable. Tuition refunds are granted for official drop and withdrawal procedures based on the following:

No Refund

Registration, insurance, and lab fees are not refundable in the case of withdrawal or drop. Refunds are not available to students who do not attend class and who do not officially drop or withdraw from their course. Refer to Drop and Withdrawal sections, below. Absolutely no refunds are given after the start of the second class meeting.

Full Tuition Refund (fees non-refundable)

100% refund of tuition and lab fees are given to students who notify the Registrar of their drop or withdrawal prior to the first class session.

Insurance and registration fees are non-refundable.

Partial Tuition Refunds (lab fees non-refundable)

Partial refunds are only given to students who drop or withdraw *before* the start of the second class meeting and are pro-rated as follows:

Classes that are scheduled to meet 11 or more sessions have a 10% tuition charge when dropped after the first class.

Classes that are scheduled to meet 6-10 sessions have a 15% tuition charge when dropped after the first class.

Classes that are scheduled to meet 3-5 sessions have 30% tuition charge when dropped after the first class.

No refunds are issued to students who drop after the first class meeting for classes that are held for one or two sessions. Please refer to the catalog course listing sections for meeting times and number of class sessions.

Appeals

To appeal for a refund, which falls outside the policy outlined above, students must submit a written appeal to the Refund Committee. The appeal must outline specific reasons for the refund request. Appeals are addressed on a case-by-case basis. You will receive a written response. Refund Committee response time varies due to circumstances. Please mail your appeal to Refund Committee, Continuing Education, Otis College of Art and Design, 9045 Lincoln Blvd., Los Angeles, CA 90045 or email ce@otis.edu

Refund Processing

Once the information is received by the Office of Registration and Records, tuition refunds require a minimum of four weeks to process.

Payment Problems

A \$50.00 service charge will be added to a student's account for returned checks (see Fees section), including registration payments for canceled or dropped classes.

Students are responsible for any finance charges incurred on their credit card, including registration payments for canceled or dropped classes.

If sufficient payment is not made within 48 hours of notification, students with returned checks or unacceptable credit cards may no longer attend class.

DROP POLICY

Office of Registration and Records

310-665-6950

registration@otis.edu

Students must officially drop a class through the Office of Registration and Records. Students who for any reason find it impossible to complete the course in which they are enrolled should inform the Office of Registration and Records in person or by telephone immediately. Students who drop a course before the start of the second class meeting are eligible for a partial tuition refund based on the refund policy outlined above.

WITHDRAWAL POLICY

Office of Registration and Records

310-665-6950

registration@otis.edu

Students taking courses at certificate and credit level:

After the drop deadline a student may officially withdraw from a class by contacting the Office of Registration and Records in writing. A grade of "W" is assigned. The grade of "W" has no effect upon the grade point average. Failure to complete a course does not constitute official withdrawal nor does notifying the instructor. Students who do not meet the withdrawal requirements receive a failing grade. Please see Academic Calendar on page 3 for deadline.

ENROLLMENT VERIFICATION

Office of Registration and Records

310-665-6950

registration@otis.edu

Non-Credit Students: No permanent records are kept for non-credit students. Students requiring proof of their enrollment should request a verification in writing from the Office of Registration and Records before the end of the semester in which they are enrolled.

No permanent records are kept for Non-Credit students. Students requiring proof of their enrollment must complete an Enrollment Verification request form before the end of the semester in which they are enrolled. The Enrollment Verification form is available at the Registration Office and at www.otis.edu at the Registration and Records site, under forms. Please note that the Registration Office can only verify enrollment for Non-Credit courses. Since no academic records are kept, successful completion of the course cannot be verified.

TRANSCRIPTS

Office of Registration and Records

310-665-6950

registration@otis.edu

Official and unofficial transcripts are available to students taking classes for credit or certificate.

In order for a student to obtain an official or unofficial transcript, they must complete the Transcript Request form available at the Registration Office or at www.otis.edu under Registration and Records. Transcript processing times and fees are listed on the Transcript Request form.

continuing education courses at the SKIRBALL CULTURAL CENTER

Otis College of Art and Design partners with a fellow arts organization to provide its outstanding Continuing Education courses throughout the community.

Sunset Blvd., 1950. Directed by Billy Wilder. Courtesy: Photofest.

Los Angeles

At the Skirball Cultural Center

The Skirball Cultural Center presents an array of visual, literary, and performing arts; enriching educational experiences; a popular, interactive family destination, Noah's Ark at the Skirball™; plus dining and shopping, all in an acclaimed architectural setting.

This fall, the Skirball presents a story of immigration, acculturation, and innovation that intersects with the flourishing of Hollywood as a cultural phenomenon. Opening October 23, 2014, the exhibition *Light & Noir: Exiles and Émigrés in Hollywood, 1933–1950* will pay homage to the émigré actors, directors, writers, and composers who fled Nazi Europe and contributed greatly to American cinema and culture. Among the luminaries will be the directors Fritz Lang, Otto Preminger, and Billy Wilder; composers Erich Korngold and Franz Waxman; writers Salka Viertel and Franz Werfel; as well as the actress Marlene Dietrich and the agent Paul Kohner. Genres in which the European émigrés were especially productive—such as the exile film, the anti-Nazi film, film noir, and

comedy—will be highlighted through a never-before-assembled selection of film footage, drawings, costumes, posters, photographs, and memorabilia.

Complementing *Light & Noir*, the Skirball will present *The Noir Effect*, also opening on October 23. This companion show will explore how film noir gave rise to major trends in American pop culture, art, and media. Examples will include noir-inspired films such as *Chinatown* (1974), *Blade Runner* (1982), and *Brick* (2006); comics such as *Luke Cage Noir* and *Spider-Man Noir*; and works by artists Cindy Sherman and Ed Ruscha.

For more information about these and other offerings at the Skirball, visit skirball.org.
