Painting Minor

The Painting minor provides students the opportunity to explore the technical, formal, historical and theoretical approaches to painting through a combination of studio and art history courses. Explorations in oil, acrylic and mixed media as well as analysis of contemporary practices lead to students developing personal strategies in painting.

Students must be on track in their major and in good academic standing, with no more than 6 credits behind and a cumulative GPA of 2.0. Painting minors will only participate in the Senior Show of their home department, however depending on space availability they may utilize Fine Arts Senior Studios on a case-by-case basis with approval from the Department Chair.
